

Principal's message on Handover Ceremony of Student Association dated 2/10/2009

Good morning, teachers and students,

Today is a great day to all CSK students because it is the inauguration day of your twelfth Student Association. As you may be aware, our school mission aims at giving you an all-round education and there are many opportunities for you to learn beyond your classrooms. These opportunities will give you life-wide learning experiences which you will find helpful in developing your potentials and strengthening your positive life values. Realizing the importance of life-wide learning and positive life values to you, the school has put them as one of the three major concerns in our coming three-year School Development Plan. Among the many life-wide learning activities, the experience of serving the SA deserves your first consideration. From it, you will learn how to tackle many problems which you are most likely to face after completion of your studies in CSK.

Now, I would like to express my heartfelt gratitude to the Cabinet of the eleventh SA – Mosaic. In the past school year, under the good leadership of Mr Li Chi-wah and his cabinet, CSK spirit has been strengthened and a better learning atmosphere has been built up.

Also, I would like to congratulate Mr Tam Kin-wai and his new Ablaze Cabinet on their success in winning your support. The school has great confidence in the Ablaze Cabinet because they have demonstrated to us their abilities and willingness to serve the school through their promotional activities in the past two weeks. We believe they will continue the good legacy of CSK and will help CSK to become a better learning community. We trust they will achieve their targets as stated in their words as follows:

**CSK Boys in Unity
Show Our Superiority
Try Hard in Games and Studies
Always Fight for Victories**

Finally, to show our appreciation to the members of the Mosaic Cabinet, the Ablaze Cabinet and their teacher advisors, may I invite you all to join me in giving them a big hand.

Thank you.
