

# SPEAK-ENGLISH DAY

3 October 2006

Dear students,

As an EMI school, it is the Language Across the Curriculum (LAC) committee's aspiration to improve and enhance the English-rich environment in our school. Part of the LAC committee program includes six English speaking days, each with its own unique theme. The first of which will kick off on the 6<sup>th</sup> October 2006 with everyone's favourite theme - ball games!

On these days students are encouraged to converse in English. After all the best way to improve your language skill is to use it, be it during daily classroom activities or with your school mates and teachers in school.

Examples of using English within the school premises are as follows:-

In the morning      Surprise your teachers and friends by greeting them in English!

During recess      Improve your speaking skills by talking to your friends in English!

During lunch      Try something different and order your food in English!  
Visit the English Learning Centre and talk about your favourite ball games with Mr Beynon in English!

So let's be proud of ourselves as students of an EMI school and start speaking English!
