

Precautionary Measures to Prevent the Spread of Influenza in CSK

As instructed by the Centre for Health Protection of the Department of Health, the school has taken the following precautionary measures to prevent the spread of influenza in school :

- (1) students with fever and respiratory symptoms are requested not to attend school;
- (2) affected students will be promptly isolated;
- (3) staff with respiratory illnesses are asked to refrain from work;
- (4) parents are requested to help record the body temperature of their sons; and
- (5) the following measures are also closely observed :
 - students are advised to maintain good personal hygiene and wash hands after sneezing or coughing;
 - students are advised to wear face masks and consult doctors promptly if influenza-like symptoms develop;
 - classrooms are well-ventilated by keeping the windows open and turning off the air-conditioning as far as possible; and
 - the school premises are well sanitized
