## Section B Applied Learning 應用學習

應用學習課程前稱為職業導向課程，旨在擴闊學生的學習基礎，並非只為符合大學甄選要求而設。目前，此課程仍在試行階段，並在尋求資歷認可中，大學需要進一步研究有關課程及評估準則。此外，在新高中課程中，學生曾參與的其他學習經歷均需記錄在高中學生學習概覽內，當中包括與工作相關的經驗。故此，現希望進行調查，瞭解各家長對以下學習範疇的意願。請按貴子弟的興趣和能力，把以下的學習範疇排序。1 為最優先，2 為次優先，如此類推。(資料只供參考用，有關課程的開辦要視乎學校的決定。)

Applied Learning, formerly called Career-Oriented Curriculum, aims at enabling students to understand fundamental concepts and theories through application and practice. At present, piloting of Applied Learning courses still continues and articulation is under way. On the other hand, in the New Senior Secondary curriculum, all students need to make a profile to record their information about other learning experience including career-related experience. In view of the above, it is hoped that the opinions of parents about the following areas of studies will be collected. Please arrange the following areas of studies in order, with reference to the interests and abilities of your son, with 1 being the first priority, 2 being the second priority and so on. (The information collected is for reference only. The provision of the courses is at the discretion of the school.)
