Chan Sui Ki College School Song (Old Version)

Cheer cheer for our own school, wake up the echoes, cheering her name.
Send forth a volley of shouts on high, bring down the thunder from the sky.
What though the odds be great or small, C.S.K. will win overall.
While her loyal sons go marching onward to victory!
Rah Rah Rah!

Chan Sui Ki College School Song (New Version)

Here we stand together: Boys of Chan Sui Ki.
Hail to thee, our Alma Mater, strong in unity.
In the years that lie before us one in heart and mind;
teach us to be brave and fearless, ever true and kind.
Lead us in our games and studies so that in the halls of fame,
now and in the life before us we shall ring thy name.
So let's stay together one in harmony, one in fellowship forever:
Boys of Chan Sui Ki.

Introduction

Principal's message

On 12th December 2010, about 1000 CSK Lasallians gathered together for celebrating the school's 40th Anniversary Dinner when the glorious theme of the school year was roared out - "Heritage, Unity and Development". The heritage of CSK was not built in one day. Neither was it easy to continue for better development. Thanks must be given to the unity of our La Salle brothers, past principals, teachers, old boys, parents and students that we have a great tradition of Lasallian spirit, namely, faith, zeal and community to lead us to march forward.

The school year 2009-2010 was a year of challenges. It was the first year for the school to implement its NSS curriculum and the year to receive the external school review. Up till now, the school has just received the oral feedback from the external school review team. We are pleased to hear that the school's overall performance is highly commended and we believe CSK will continue its legacies and be more successful in the future.

Despite the progress in managing the above challenges, we have strived hard to maintain the excellence of CSK. Throughout the year, apart from helping our students to learn knowledge, tremendous effort has been put in helping our students to develop positive values in life and to make commitments to serve people. After all, we are happy to announce that the school year 2009-10 was again a year of great success. Academically, the results in the Hong Kong Certificate of Education Examination 2009 were particularly outstanding that we had two students attaining 7 distinctions, two students attaining 5 distinctions and 2 students attaining 3 distinctions. The passing percentage of English Language is 96%

and the average passing percentage of the best 6 subjects is over 93%. The results in the Hong Kong Advanced Level Examination 2009 were also excellent that we have one student attaining 3 distinctions and two students attaining 2 distinctions. The passing percentage of Use of English is 100% and the passing percentages of all subjects are higher than the Hong Kong averages.

As for sports, this year, our school teams received awards from almost all the interschool sports competitions they participated in. Our basketball teams won the Overall Championship, A-grade Championship, C-grade 2nd Runner-up in the Inter-school Basketball Competition and will be promoted to Division I next year. In the Inter-school Cross Country (Division I), we came 3rd in B grade and 5th in the overall results. In the Inter-school Athletics Meet (Division II), we came fourth overall and made the same achievement in the C grade competition.

Our swimmers also did very well last year. They won the B Grade Championship and captured the 2nd runner-up award overall in the Inter-school Swimming Competition (Division II). In the Interschool Badminton Competition (Division I), we were at the sixth place overall while in the Inter-school Table-tennis Competition (Division II), we won the fourth place in B grade. Besides, in the Inter-school Tenpin Bowling Championships, we won the 5th place in the Individual Section and the 6th place in the Team Section. Another great achievement is that our Orienteering Club won the 2nd prize in both the A grade individual and team competitions in the HK Youth Orienteering Championships. The school is proud to announce that last year four CSK boys, each representing Teams of Hong Kong Special Administrative Region, battled in different international competitions, namely, the Asian Youth Badminton Championship held in Japan, the 10th Milo International Junior All-stars Bowling Championship in Kuala Lumpur, the Inter-port Basketball Championships held in Hong Kong and the International Orienteering Championship held in Japan.

In many other areas, outstanding results were also attained. Apart from the many prizes received from traditional items such as the Hong Kong Schools Speech Festival, Music Festival and Mathematics Olympiads, four new awards were won in the Hong Kong Schools Drama Festival 2010 by our Chinese drama team, namely, Outstanding Directors' Award, Outstanding Script Award, Outstanding Male Artist Performer Award and Outstanding Cooperation Award. Also, in the English Drama Festival 2010 organized by the EMI Schools Association, our English drama performance won the Outstanding Creativity Award. Besides, in the Hong Kong Cup Diplomatic Knowledge Contest, our school team was now one of the sixteen winners among about 130 participating

schools and the final will be conducted in July of the school year. Moreover, three groups of F.6 business students each won Judges Commendation Award in Business Excellence Contest organized by the Hong Kong Polytechnic University Hong Kong Community College.

Finally, I must conclude that the most remarkable success of CSK is nurturing its students towards a practice of positive values in their lives. In the year 2009-10, different pastoral care programmes such as life skill courses, leadership training camps, moral talks, career guidance lessons, attitude improvement classes, community service schemes and many others have been organized. All the programmes are successful as students today are observed to be well-disciplined, responsible, caring and supportive to each other in the face of challenges, in their studies and games. At the same time, I must salute to my colleagues because they work without reservation just because they want to help their students to improve. Gratitude is also extended to parents and old boys for their continuous support in financial assistance and provision of human resources. Lastly, I would like to appeal to all CSK Lasallians that we are to stay together, one in harmony and one in fellowship forever and that we must continue to ring the name of CSK in the halls of fame in the days to come.

Chief Editor's Message

When being asked to join the School Magazine Production Team in late August 2009, I first hesitated. I wondered if I could do my work efficiently and strike a balance between work and studies. After careful consideration for one whole month, I decided to help to publish the school magazine not only to gain experience but also to repay the school for the education that it has provided me with over the past six years.

An ideal school should not only focus on academic results. Here we learn sportsmanship, sense of belonging and perseverance. All these qualities have made our school a place to be proud of. I have also been provided with a lot of opportunities to learn outside the classroom.

Being a chief editor is absolutely a precious experience. I have learnt many valuable skills, for instance, critical thinking, division of labour,

interviewing skills, communication skills and time management, which are important qualities for our future career.

I once thought of giving up this post as I was not confident enough. Now, when I look back at my past secondary school-life, I will find that my devotion to school is far less than what my school has given me. I have also realised that everything that my school has given me is worth remembering. This is why I insist on working for the school.

Finally, I would like to give my heartfelt gratitude to all the teachers and students who have helped with the publication of the magazine. Special thanks should be given to Mr. H. T. Tang, Mrs. B. Chan, Ms. M. Y. Lau, Ho Kwun Him and Lam Yan Chung for their help and support.

■ Ng Clarence F.6B

Chief Editor's Message

Being a chief editor is definitely not an easy task. However, there are some reasons behind which make me insist on my work.

After having been a student in CSK for six years, I have seen many changes. After four decades since its establishment, our school is now proceeding to a new era and I hope that this magazine can inspire my schoolmates that we are all responsible for the future of our school.

During these six years, I have changed a lot too. I was once a member of the swimming team. At that time, I did not understand why the senior form students were so devoted to their school. They chanted slogans and swam with all their

might in all competitions. At that time, I did not know what sense of belonging was until I left the swimming team later. Now I do not have the ability to swim for my school again and also regret having left the team. What I can do now is to explore another field to contribute to my school – to publish the school magazine.

I would like to thank Mr. H.T Tang, Ms M.Y. Lau, Mrs. B. Chan, Lam Yan Chung and Ng Clarence for their advice and help without which the school magazine cannot be published. I hope that you will enjoy this book and find priceless inspiration and memories in it.

總編輯的話

只要你肯去嘗試，陳瑞祺到處都是機會。我並沒有出眾的文筆、優異的會考中國語文成績、亦沒有別人的提攜。能當上總編輯，我靠的只有自己的勇氣和嘗試。當總編輯可謂我一直的夢想，可是我從來只把它當作「夢」，未敢視之為「理想」。直到今學期初，我才一鼓作氣向老師毛遂自薦，感恩地我得到了提用。

記得中一的時候，我經常到圖書館翻閱陳瑞祺的校刊，可能是我小學沒有出版校刊的關係，我對校刊感覺得別新奇。除此之外，我認為校刊能做到字字扣人心弦，句句引人思潮的地方，是它記錄了每位陳瑞祺學生在校園的點滴，當我離開母校再翻閱校刊的時候，想必百般滋味在心頭！

為何本校刊名為「傳祺」？今年乃陳瑞祺建校四十週年，過去水記仔曾創下不少令我們值得驕傲的事：星島校際辯論比賽總冠軍，學界籃球賽及越野田徑賽第一組別冠軍，學界田徑比賽第一組別季軍等等。無一不令每一位水記仔自豪。叫做「傳祺」不單止想喚起各位對陳瑞祺光芒萬丈的時刻，我更希望的是凝聚現在水記仔的歸屬感，讓陳瑞祺學生團結起來。過去憑著我們師兄對學校的歸屬感，創下一個又一個的佳績，他們只努力拼勁，從不會問為什麼要為學校付出。我希望這份拼勁能夠薪火相傳下去，建立起新的一頁又一頁的屬於我們的「傳祺」。

今年的校刊有多個訪問，特別是與新校長李丁亮先生及新校監劉寶華舊生的訪問，可以令同學先睹為快，一窺學校新的管理層變動。另外我們亦重設 Funny Photos，希望為校刊增添一份人情味。

人一旦習慣了就不想改變，過去一年工作雖沉重，但如今樂觀其成一刻，卻又令我依依不捨，因為總編輯的工作雖苦但帶甘，除了增強自信心及滿足感之外，在編輯「傳祺」的時候，亦得到了不少

好友及老師的支持，他們有心有力而無私的支持使到「傳祺」內每一頁得以成功編製，在此本人謹向鄧豪達老師，劉銘恩老師，學生會及學長會全體委員致謝。另外當然亦要感謝其餘兩位總編輯，何冠謙同學和伍斯安同學，這一年我們合作得很愉悅，沒有你們的協助，「傳祺」根本沒可能出世。至於校刊未臻完美，還望諸位多多見諒。

過去六年我得到很多老師的悉心栽培和同學的鼓勵，使我長大成人，陳瑞祺，我感謝你！但不久我將離開陳瑞祺，向人生的另一階段邁步前往，現在的我心情既興奮又難過，只能說，陳瑞祺的快樂生活的確令人嚮往，我將會永遠永遠記在心中。

陳瑞祺校刊是屬於陳瑞祺每一位師生的，我希望各位都能從傳祺中找到自己的足跡，就讓我們水記仔攜手創下陳瑞祺傳奇的新一頁吧！

History

In April 1967 the Chan family approached the Jesuits to ask if they would be interested in taking over the running of a secondary school and move to the building which they intended to contribute in memory of their father, Mr. Chan Sui Ki, a successful merchant and one time President of the Tung Wah Group of Hospitals -- a well known charitable organization in Hong Kong. Not wishing to accept the offer themselves, Fr. Cronin, the Provincial, proposed the offer to the La Salle Brothers. Eventually, it was decided that La Salle College accept the offer and transfer the existing evening school operating in La Salle College to the new building. The evening school under the supervision of Brother Herman Fenton operated from 3:00 until about 8:00 p.m. The government would provide the site and an 80% subsidy. The Chan family would donate H.K. \$500,000.

In December, 1968 work began on the site. In April 1969 the foundation stone was laid by the then Director of Education, Mr. Gregg, and on September 3 the school moved into the classroom block -- 951 students and 34 teachers all together. All the while work on the school hall and the laboratories, library, Geography Room, Art Room, etc. and the Brothers' Quarters (which unhappily provide an accommodation for only four) continued until December 12 when the Building Authority inspected the completed building in preparation for giving the final occupation permit. The official blessing and opening ceremony was performed on February 12, 1970 by Rev. Father Colombo P. P. and the Hon. J. Canning, Director of Education, respectively.

The community was inaugurated on July 1, 1969 when Brother Herman Fenton, Director and Brother Eugene Sharkey were appointed to the new school. Later they were joined by Brothers Cronan and Paul Hackett. Until the Brothers' Quarters were ready, the community continued to reside in La Salle College.

CSK - A Traditional EMI School

In a bid to enhance students' proficiency in English, the school has long been implementing a number of effective measures.

1. All Form one students have to attend a 10-day Summer English Bridging Programme.
2. Small Class Teaching is practiced in Form One English lessons. The class size is reduced to 16 to 20 students.
3. There is a compulsory English reading lesson for each Form one class.
4. There is an oral lesson conducted by the Native-English Teacher each cycle.
5. There are remedial classes during the summer holiday for students who are not yet able to catch up with the curriculum.
6. With a view to boost students' confidence in speaking, there is a special English speaking activity every Thursday. The Native-English Teacher trains students to read aloud something interesting to the whole school during the morning assembly.
7. English is used as the medium of instruction in all occasions.
8. The English Learning Centre, run by the Native-English Teacher and the English Ambassadors, are open for students during lunch time and after school. Students can do a variety of activities to improve their English there.
9. Students are trained to join different inter-school competition. For example, the Hong Kong Schools Speech Festival, the Drama Festival, the Singtao Debating Competition, SCMP-Nesta Debating Competition, etc.
10. The school put emphasis on drama training. We value the effectiveness of learning English through dramas.
11. All Junior Form students are required to join the online reading programme.
12. The school organizes study tours to English-Speaking countries to broaden students' horizon.

專訪永叔

永叔是我校的一名校工，他於二零零零年二月十四日加入陳瑞祺。永叔雖然在校的日子並不是特別長，但相信對於陳瑞祺的師生而言，永叔這個人並不陌生，乃因為永叔和一群校工敬業樂業的精神，贏得眾人的尊重。

記：你何年加入陳瑞祺工作？之前在哪裡工作過，又為何加入陳瑞祺？

永：我於二千年二月十四日情人節加入陳瑞祺。我曾在機場當過保安，之前亦嘗試做過有關製衣的工作，但沒有一份的性質像現在這份工作相似。

記：你對陳瑞祺學生的印象如何？

永：我與其他家長於開放日的感覺一樣，大多數學生都是溫文儒雅，這是有別於一般人對男校的印象，但頑皮的同學亦不少，頑皮的學生卻不等於壞學生，可能是男仔比較遲成熟。

記：在陳瑞祺工作多年，什麼令你留下最深刻印象？

永：我忘記這是那一年的事了，那時是在添馬艦舉行的比賽，那一年我們的科學學會最終得到了冠軍，比賽當日我們的士氣不太好，參賽隊員也很少，加上我自己亦只有四位，相反其他學校到場支持的同學人數眾多，氣勢也十分磅礴。那時候我負責做一些佈置，當中遇上了多種困難，首先我們要搬很多壁報板到那兒，但舊式的壁報板是很重的，加上途中不斷撞板，又跳擊，亂線……因此起初我們沒精打采似的，我就走去鼓勵他們，像足球賽裏，沒有人會記起誰是亞軍，只有冠軍才令人印象深刻，既然

一場來到，為何不盡力奪去冠軍呢？之後他們極力向來賓介紹自己的設計，果真最後我們成功了，這是在陳瑞祺的日子裏最深刻的一次。

記：你認為校工這份工作辛苦嗎？

永：做得開心就不會覺得辛苦，這無疑是我堅持這份工作的信念。

記：陳瑞祺給了你什麼？

永：陳瑞祺除了帶給我很多回憶亦給了我信心，滿足感及因利成便學到多項技能。例如我當初不知道投影機，網絡，電腦，但之後和其他校工一齊多次嘗試之下就上手了，而調教音響的技能就是我加入陳瑞祺之後去學的。

記：學校每年都有不少大型活動舉行，而每一次在你們的協助下都能成功舉行，其實每位校工都有什麼特別的技能？

永：因為其他校工以前的工作行業很廣，專業認

識也很多，例如水電，木工，無線或音響等。我只略懂一二，通常會叫他們一起完成工作。

記：你與其他一眾校工的感情好嗎？大家合作無間嗎？

永：坦白地，有時候好，但亦有不好的時候，這是正常的，不可能任何時候都合作無間。但相處了多年，我們都很有默契及友善，大家有什麼都一齊做，雖然你有時候可能見到我們工作時嘻嘻哈哈，這是開心的表現工作依舊認真。我們自己校工有一個康樂組，過年過節時會一起食飯，閒時亦會約出來行山或北上玩樂，大家感情非常好。

記：聽聞有同學認為某些校工表現不友善，對此你有什么回應？

永：會，的確會有這個情況的。但要了解一件事要從不同角度去看的，有時候同事有脾氣發洩，我想這是人之常情，我自己個人都會。而我相信大部份校工都是友善的，並非無理取鬧。

記：你認為陳瑞祺的學生尊重校工嗎？

永：十分尊重，因為他們不能不尊重。我還記得上一次在禮堂播出的訪問，我曾經說過我自己其實知道那些是壞或頑皮的學生，但我們為他辦事之後，他們都會說聲「唔該」。因此陳瑞祺的學生都十分尊重我們。

記：我們這一代的學生與以往的學生相比，有甚麼分別？

永：我記得以前的學生，中四中五的同學口中常常提及擔心著自己的前途，例如，慘了這科考得不太理想，我應該選什麼科目等等，但現今的學生就什麼都不怕的，比較少顧慮到學業和前程。

記：藉此機會，你有什么想跟其他同事表達？

永：其實大家共事多年，我們之間如何對待大家亦十分明瞭。但有一點想說的，我們同事來得到陳瑞祺工作，通常我們都當它為終生職

業，有一些年輕的一做便是二三十年，在這二三十年期間磨擦一定多的是，特別我們是經常一起幹事。我有一次在一個講座結識了那個講者，他告訴我一句說話希望我記下來，這句話是「心胸廣闊人安樂」，做人如果大量一些做任何事都會感到快樂。所以我希望同事們知道，大家共事時間那麼長，如果磨擦發生了，做完一天工作後，把它整個忘掉，這樣你就會愈來愈享受工作了。

記：有什麼寄語陳瑞祺的學生？

永：當然離不開要大家努力讀書，但我想說的是其實讀書和練功夫一樣，如果你功力深厚時，則飛花擇葉皆可傷人，讀書是同一道理，假如書讀得好，你將來亦擁有更多選擇和知識。

記：若要用一個字來總結多年在陳瑞祺的工作，你會用甚麼字呢？

永：「樂」字，因為於陳瑞祺工作的確比起我之前所做的工作做得更開心。因為這裡有很多人待我好，我亦待他們好。

後記

當初我去邀請永叔做訪問時，他是拒絕的，他解釋因為你們看到的一切都不是靠我一人之力完成的，是我們整個校工團隊合力而成，所以問的問題不能太個人化。完成訪問後，我才知道其實每個校工都身懷絕技，而且他們專業的團隊精神以及敬業樂業的心態，實在令到每一個水記仔敬佩！

施校長專訪

今年是施校長入校的第三十八個年頭，而他亦決定退休了。從事教育工作近四十年的他，定必比我們看得更多更廣，究竟在這數十年他看到什麼，學到什麼呢？校長將和我們分享一下。

記：你何時加入陳瑞祺這個大家庭？

施：一九七二年九月。

記：你為何當初會選擇到陳瑞祺擔任教師一職呢？

施：在七十年代，經濟不好，大學生都難以求得工作機會，所以便四出找尋工作，後來在機緣巧合下，選擇了陳瑞祺。

記：施校長作為老師及校長多年，當中遇過甚麼困難呢？

施：作為老師而言，你會發現原來自己對於本科知識並不足夠，要懂的知識比想像中深入得多，並且發現自己在教學方法上，未能讓學生完全明白，這時便必須靠自己努力去探索更多知識，有充裕之準備，請教其他老師，自行摸索一套屬於自己的教學方法。而作為校長而言，初任時，定必沒有足夠的管理經驗，而當學校遇上突發事件而使學生進入困局之時，自己便要和同事商議，並且向其他學校的校長請教一下。

記：施校長常笑面迎人，以往當教師時有否為學生而動氣呢？

施：其實早年的學生都較尊敬老師，有尊卑之分，但後來因為香港較民主和自由，學生都會容易和老師辯駁。當然動氣是有的，但我亦明白有時學生只是議事論事罷了。

記：在校多年，有哪些人和事最令你感難忘？

施：其實有很多課外活動和校際比賽都令我感難忘，尤其是當年的校際衛生教育設計比賽，學生為求發揮得盡善盡美而在校工作很夜，要由

校工趕走。而在人方面，我特別記得那些身體有缺憾的同學，因為他們意志十分堅毅，而且以平常心處理困難，同學和老師亦互相支持，充分展現陳瑞祺的精神。

記：作為校長，公務繁重，必定有很多壓力，你會如何面對呢？

施：處理壓力是校長工作之一，其實每一份工作都有壓力，遇到問題時，只要盡力解決和以平常心面對便可，就算結果未如理想，也不責怪自己，這樣壓力其實不算是甚麼。

記：初任校長時有否為自己定下目標，而今天回看一下，目標有否達到呢？

施：初任校長時，我希望為學校訂立一個自我完善的機制，當學校在遇到行政和教學安排的困難時，依據機制行事，立刻派出人手和調配資源。這個恆常機制可確保學校能穩步發展，亦是使學校進步的先決條件。雖然到現在，這個機制還未能完全成立，但基本的架構已經完

成，有待日後把機制完善化。

記：校長會用一個怎樣的總結去概括自己多年作為校長的生涯呢？

施：在校工作多年，不如意的事總會有的，但自己抱著盡心盡力的心態和敬業樂業的精神去管理學校，所以這麼多年的教學生涯都是無悔的。

記：校長有什甚話對陳瑞祺的學生說呢？

施：我希望同學能夠從小訂立未來工作目標，然後為這目標而定下步驟，一步一步為自己的意向努力讀書。

記：校長認為陳瑞祺的核心價值是甚麼？

施：我認為陳瑞祺的核心價值在於關愛二字，關愛二字看似簡單，但確實能在不少地方看到，例如老師看到學生的需要而協助學生，學長協助學弟等等。因為有了關愛，老師便會盡心教導學生。這其實是我們喇沙精神「觸動人心」的關鍵。

記：校長對於下一任校長有什麼期望呢？

施：我期望他能繼續發展出一個自我完善的機制，能夠解決現有的問題，使陳瑞祺成為培養社會棟樑和優質教育的好地方。

記：校長在退休後有甚麼計劃呢？

施：退休不是代表著人要終日無所事事。如果健康和時間許可的話，我應該會選擇參與義工的服務。

記：很多人都說我們這一代的人沒有像以往那麼好，你認為有什麼是我們缺乏的呢？

施：每個年代的人都有自己的特質，因為社會環境的不同，不同年代的人就會對自己的前途有不同的盼望，對於我們這些五十後來說，因為那年代生活困苦，貧苦是我們習以為常的，而現今家庭一般都比以往的富裕，小孩未必經歷貧苦，所以當他們遇上逆境時，通常都不懂處理，或會把問題放大，就好像在訪問開始時，你問我如何處理壓力，其實對我而言，壓力和逆境根本就是人生的一部分，而不會像現在一些年青人一樣，在遇到困難時，叫苦，埋怨和逃避，只要積極並且用平常心面對，所有事都不是問題。

記：校長對於現時教育制度有何意見呢？

施：我認為現時的教育制度方向正確，你會看得出政府推出的通識科，是要培養學生的綜合思維，再結合自己人生的經歷去解決問題，去讓他們能夠為進入未來快速變化的香港社會作好準備。

記：作為九十後的我認為現今青年人都為前途而感到迷失，你會覺得這和家長的溺愛有關嗎？

施：我同意你的說法，在我們的年代，父母親是不會強逼自己去學些甚麼，所以我們都會尋找自己的興趣，現今家長都會為子女安排不少訓練班，但有時家長過於用力，令學生的自主權降低，他們對於學習也因此而失去動力。希望家長以較民主的方法去協助子女發展自己的潛能，為未來打好基礎，亦更和易達到自己的目標。

記：很多人都說陳瑞祺的精神都在褪色，你的意見如何？

施：如我先前所說，我們陳瑞祺精神是關愛。師生互相關愛可以發揮團隊精神，互相支持，共同努力，永不言棄，依我所見，這種精神仍然存在。很多人看我們的精神都著眼於校際比賽上，這是不正確的，輸贏乃兵家常事，我們不能控制得到的，我們在比賽輸了，不代表我們精神褪色，反而我們的精神是在比賽前後我如何準備和面對賽果的態度中反映出來，我認為我們的精神不比以往弱，因為我們的同學都全力以赴，做到最好。

記：校長可否跟我們分享一下自己的童年？

施：我們那年代的生活簡單，並且知足常樂，「公仔紙」和「波子」都可以是玩具，而到中學時期，我和朋友都喜愛寫文章，我們組織了文社，然後便向報社投稿，生活艱難但簡樸，雖然稿費只有數元，但我們已經很滿足，後來我們更把文章剪輯成紀錄集，其中一本文社作品紀錄集後來更被市政局中央圖書館收藏。這些回憶都是美好的。在大學時期，我曾經當了系會會長，學了很多課外知識和解決問題的方法，那時我學的在日後當校長也應用得到。到了目前，小學，中學和大學的好同學都成為了經常聯絡，互相照應的生活同行者。

後記

平常心，原來一切都和平常心有關。勝與敗，得到多少，失去多少原來並不重要。重要的我們面對事情的態度和堅持。當我們盡了力，懷着平常心看事情，一切一切原來都只不過是浮雲。筆者在此祝福施校長能邁向更豐盛的人生。

■ 中六乙 何冠謙同學

BACKGROUND

1. **As we all know, you are going to be the new principal of our school in the coming school year. Would you mind briefly introducing yourself to our students?**

I've been teaching at a local school in Tsing Yi for over 20 years since my graduation from the university. I teach Biology, Liberal Studies and sometimes Junior Science. I'm the head of studies and the vice principal of the school, responsible for teaching and learning, and curriculum development.

2. **Do you like being a principal? Do you think it is challenging? Why?**

I'm going to be a principal and I hope I will like it. Of course it's really challenging. As a school leader, you need to work with different stakeholders to set the goals and direction of the school. A leader has to see the way, show the way, and go the way.

3. **How will you overcome the problems faced in your work? How will you release stress?**

First, I'll understand the problem and then look for possible solutions or alternatives. I think one should not put too much stress on oneself. When I feel stressed, I'll do jogging, swimming and some leisure activities. I like doing sports for leisure.

4. **How do you strike a balance between work and family?**

It's a question about time management. What you have to do is to set priorities, finish your tasks in time, and work effectively. Time is always limited. You have to set priorities and spare more time with your family.

5. **So, do you think family is very important?**

Yes, of course. You get support from your family, and the relationship with family members is close and unique. You won't find anything that can substitute it. Being with them is really good. I have a little daughter. Whenever I hug her, I feel satisfied and happy.

6. **What is your terminal goal of life? Have you achieved it?**

I don't have any big ideas. I'm a simple person. I'm devoted to teaching and I like helping students find their talents and enhance their development. So it's hard to say if I've achieved my terminal goal since education is life-long.

7. **Why do you choose to work at CSK?**

I share the vision and the mission of CSK – touching hearts through the Lasallian spirit and offering human and Christian education of youth. My dream is to establish a learning family. I think the three specific goals of CSK - learning community; serving people, acquiring knowledge are really what I value.

SPORTS

8. **There is always strong competition between athletic teams of different schools. This can be shown by the persistent concern of many schools for their sports performance. What do you think is the role of sports development in a school? How important do you think is sports performance to a school? Why?**

I believe in all-round education and whole-person development. I think sports can help students learn co-operation, build confidence, and establish team spirit and sense of belonging. These are the things that we treasure in CSK. Education is not only the transmission of knowledge. As you can see, confidence, team spirit and collaboration are important things that students need to have so that they can be successful in the future. Moreover, sports help set standards and goals for students. When they see the great achievements of their seniors or old boys, they'll have a clear direction to go for it. As this idea passes from one generation to another, a legacy will be established.

9. **CSK was always praised for our glorious performances in sports in the past decades. However, our school has shown a slight decline in sports performance recently. What measures would you suggest to improve the sports performance of our school?**

The development of a school is just like the life of a person. There are ups and downs, peaks and troughs. In the troughs, it's important for us to see the goals and bear in mind the direction of school development, otherwise, we will get lost easily. Then we have to review and understand what caused the decline before we can work out a possible solution. At this moment, I still need to learn more about CSK and it's hard to say what measures I'm going to put forward.

STUDIES

10. **What is your view on Hong Kong's education system (the traditional one with HKCEE and HKALE)? Do you think it emphasizes the transmission of knowledge and has a strong examination culture?**

Yes, I think so. In the past, the university places were very limited. An important purpose of the public examinations, the HKCEE and the HKALE, was to select students with good academic achievements. As a result, the syllabuses of various subjects included a lot of expertise

knowledge, and the curriculum was examination-oriented. However, you have to understand the situation if you want to comment whether it's a good system or not. As I said, in the past the university places were limited, to a certain extent, we really needed such a system to select students for university. But since 1990s, the government has increased the number of university places, and has broadened the curriculum so that students, apart from knowledge, can also learn other skills that are important in the 21st century. Since things have been changing, it's important for us to review and revise the education system, the curriculum and the public examinations.

11. **Many people criticize the New Senior Secondary curriculum because it includes Liberal Studies. What is your view on this new education system? Do you think it is better or worse than the old system?**

I know many people criticize Liberal Studies but I think we should look at the whole curriculum. Why do we need to change? There has been an educational reform movement in the territory and also in the world. Today what we need to teach students is not merely the subject knowledge. We should also let students see learning as a continuous and ongoing process, and help them prepare for life-long learning. In the 21st century, apart from subject knowledge, we also need to have various generic skills such as collaboration and creativity. In the NSS curriculum, there are four core subjects, English, Chinese, Mathematics and Liberal Studies. The new subject Liberal Studies aims to make students think critically and look at issues from different perspectives. In addition to the core subjects, students can choose two or three electives. Also, there are other learning experiences in the NSS curriculum which include physical development, aesthetic development, moral education and career development. Thus, I think it's a good attempt

and I hope it can become a better curriculum for Hong Kong.

12. **Do you think the statement "We should seek knowledge instead of seeking marks" is suitable for the current education system in Hong Kong? Why?**

Education should be more than knowledge and marks. As mentioned earlier, I believe in whole-person development. Through sports and other activities, we offer students the opportunities to develop different skills and I think it is important to strike a balance between all these things.

13. **Many people think that it is better for schools to use English as the medium of instruction. What is your opinion on this idea?**

I think it depends on a number of factors, for example, the school culture, whether the school can foster a language-rich environment, the ability of students, the capacity of teachers, and whether the school has effective measures to help students learn English. These are the factors we have to consider in order to decide the medium of instruction of a school.

OTHER ASPECTS

14. **As you know, our school is always very strict with the grooming of our students while other well-known schools like DBS and LSC are not. What do you think the grooming of a student reflects? Will you persist in promoting this tradition? Why?**

Let's put it this way, I respect culture and traditions, especially a school like CSK with a glorious legacy for forty years. As a student, one should focus on learning rather than other things such as fashion and trendy things. You are young and energetic, and already have the charisma of

being young and smart. I don't think students should spend much time on trendy things. After graduation, you'll have a lot of opportunities to catch up on fashion. I'm not saying that we need to be very strict with students, but my expectation is a simple, decent and smart appearance.

15. **It is always hard to define what a good student is. Should a student with good academic results or a student with excellent conduct be regarded as a good student? What do you think are the qualities of a good student? Why?**

It's difficult to make a single statement about what a good student is. I think moral values should be more important than other achievements. To me, a good student is self-disciplined and responsible, and has compassion and integrity. I'm not saying that the accomplishments are not important, but if you try to look at the qualities and give priority, I think moral values are more important.

16. **Many people say that students nowadays are not as good as those in the past. What do you think are the differences between Hong Kong students nowadays and those in the past? And what do you think are the factors that cause these differences?**

I don't think you are poorer than students in the past. In the past, the socio-economic status of most people was lower. We were less materialistic and our lives were very simple. Nowadays students have so many things to enjoy, for example, the internet. Parents are ready to give their children what they want. Students can get their things easily, and sometimes are a bit pampered. Maybe that's why we think students today are not as good as those in the past. However, it's hard to compare them. Students nowadays do have some advantages. For example, if students can use the internet appropriately, they can do a lot of things such as communicating with people overseas, and getting as much knowledge

as they can. In my days, when we wanted to get some information, we needed to go to the libraries and look for reference books. Today students can easily get information using the search engines. Your information and communication skills should be much better than ours.

17. **Students in Hong Kong usually face difficulties in deciding career direction because Hong Kong is a city of realism where money talks. How would you suggest students to choose between interest and salary when deciding their career direction? Why?**

This is a difficult question concerning career development. It is true that in Hong Kong, because of the life style and high living standard, young people are attracted by many trendy things and Hong Kong is a materialistic city. However, I think young people have to think carefully what their interests and abilities are when deciding their career direction. Hong Kong is a city full of opportunities. It's not difficult for young people to find a job but it can be difficult to find one they really like and have interest in. Students should put their interests and abilities in the first place rather than the salary when deciding their career direction.

OVERALL

18. **Would you emphasize sports or studies in CSK, or how would you strike a balance between sports and studies?**

I don't see any conflict between academic and sports development. To strike a balance between these two aspects, students should have good time management. Actually many sportsmen and sportswomen have good academic achievements. So, I think what you have to learn, as a student, is to manage your

time in a wise way. I know sometimes students may feel the tension, but it really depends on their priorities and how they manage their time. I don't think if students are good at sports, then they will become poor in academic achievements. There is no such correlation.

19. **So, what do you think a school can do to help improve the time management skills of students?**

It's not simply giving students notes or instructions. What's more important is to put them into action. For example, students can do those things that are important first. They should also try to finish things on time and avoid making them become urgent. Indeed, time management varies from person to person, some students are more capable of handling things effectively, and it may not be a problem to them. On the other hand, students are not good at time management. They'll have much more to learn.

20. **What is the role of schools? Apart from knowledge, what do you think the school should offer students? How would you achieve them?**

Schools should not only impart knowledge to students. There are also many skills and values, like collaboration and confidence, which students have to develop. We should offer students balanced learning opportunities in various aspects of development and nurture them to be responsible citizens. We have to plan clearly the

objectives and provide students with a proper learning environment. This involves participation of various stakeholders.

21. **What other structural changes are you planning for CSK?**

I'm new to this school. I'm still trying to understand and to be understood. I need to know the culture, traditions, and strengths of the school and the areas for improvement. Also, I need to know more about the people like staff members, students, parents and old boys. So, I haven't any plan for changes yet.

22. **What was your first impression of CSK students? When did you first meet our students?**

I came here just a few times but I always saw students playing ball games. I think CSK students are full of energy and keen on sports. This interview is the first time I meet CSK students, and you all look confident and smart.

23. **What is your expectation of CSK?**

I do hope we can build on strengths and traditions of the school to further the school development. My dream is to establish a learning family in which different stakeholders share the same goal, that is, student learning. I want to see a close and good relationship among us. Students are ready to seek help and advice from teachers.

24. **What would you like to say to our students?**

You're the boys in red. You've inherited the culture and traditions of CSK. Today you're proud of CSK, but tomorrow CSK will be proud of you. So, I do hope you can do well in every aspect.

Interview

with Mr. P. W. Lau

1. Why did you decide to work for the OBA in the first place?

I started to help the OBA out in the early 80's after graduation. As a matter of fact, early on I did not put in very much time with the OBA. At that time, I spent more time on scouting than on the OBA. My close connection with the OBA started in 2002 when Mr Peter Lui, our previous OBA President, invited me to work with them. Since then, I have become increasingly involved with the OBA.

2. Why did you also choose to work as Alternate Supervisor?

I didn't choose to be Alternate Supervisor. My involvement with the Lasallian family became stronger in 2005 when Brother Patrick, Area Director of the Hong Kong Lasallian Family, invited me to be a member of the Lasallian Education Council, LEC. The LEC is a worldwide initiative that not only appears in Hong Kong, but all over the world where the La Salle Brothers has a presence. The purpose of the LEC is to assist the Brothers in administering and facilitating education, for instance, schools in different areas. The LEC in Hong Kong was set up in 2004, and it concentrates on the policy and the overall running of the Lasallian family schools rather than involvement in their daily operation. The day-to-day work rests on individual school, so we do not touch on things like which school is going to hire which teacher or whether a school is going to have an exam before or after Christmas. From there I started to become more involved with the Lasallian family. Soon, I realised that there was a shortage of Brothers. We used to have many Brothers in Hong Kong, but we currently have fewer than 10 Brothers working in Hong Kong and there are similar situations happening all over the world. In March, some of the other old boys and I went to Malaysia to attend a Lasallian meeting. There are over 30 Lasallian schools in Malaysia and they used to have quite many Brothers years ago. Now, they do not even have one Brother in each school. The shortage of Brothers worldwide is a phenomenon, thus prompting the Lasallian family to look for assistance. After some discussion with our Brothers, I gladly accepted the position as Alternate Supervisor of CSK.

3. How do you strike a balance between the work in the OBA and as the Alternate Supervisor?

I think it is inappropriate to work as both the president of the OBA and the Alternate Supervisor. Therefore, I will not be running for president of the OBA for the coming term in June 2010, after four years in position, so there will be no conflict after that.

4. Has Rev. Brother Lawrence taught you before and what is your impression of him?

When Brother Lawrence joined CSK I have already graduated. I met him every month for the past few months and discussed different subjects on the school. I appreciate the work of all our Brothers, including Brother Lawrence of course, who has worked for the Lasallian schools and for the education service in Hong Kong for most of their lives. Brother Lawrence, like the other Brothers, is a very kind and devoted person. He cares very much about the students and is very hard working. Whenever he has time, he walks around the school and talks with the students directly.

5. Do you feel any pressure as you are treated as a successor of Rev. Brother Lawrence? Why?

I would say half and half since there are already two non-brother, or lay, supervisors in other Lasallian schools (Chong Gene Hang and De La Salle) in Hong Kong. For me, as I am not from the education sector, I am trying to learn and sure there are very good teachers, new principal and good students to help me out. I will work as much as I can to help the school management and teachers to manage the school and make CSK an even better school for our students.

6. What do you think are the roles of the OBA and the supervisor in CSK? What are the differences?

In recent years, the OBA and some individual old boys contribute substantially to the school. Old boys contribute in many different aspects in which the school finds it helpful. Looking at the composition of the school, we have the SMC, principals, teachers and students. At present we have one old boy manager in the SMC representing the OBA. His name is Mr Ronny Tang, a qualified accountant. He gives advice to the school through the SMC. I am sure you have participated in at least some activities organised by the old boys and the parents in the 40th Anniversary celebration held last year. With the support from the OBA, some of the 40th Anniversary celebration activities have been organised smoothly. From now on, I think we need more help from the other old boys, especially those who graduated in the early years, in the 70's.

This is because they are now aged above 50 and should have very good social connection and stable careers, so

they can provide valuable support for the school. The supervisor, on the other hand, is to supervise the whole school. It is a dedicated position that requires a person to have vision which must be aligned with those of the La Salle Brothers. The supervisor is part of the school's administrative establishment, while the OBA is not.

7. What is the most indelible memory when you were in CSK?

Over the past 40 years, there have been quite a lot of changes in CSK. Several deep impressions

on me include the tone and the colour of the school building, like kind of unfinished surface. That created a very old fashion or kind of nostalgic feeling. I had also spent some nights at school for training when I was a student here. The classmates and other students from senior forms were very helpful and friendly. Of course, I heard some incidents of students bullying others, but that is not unique to our school. All in all, my school life was a touching one and all the classmates and all friends are pretty close here. I still maintain contact with many of my friends now.

8. **Who is your most appreciated teacher when you were in CSK?**

Mr. C.K.Lau. He used to teach Geography and EPA, and he was my F.3 class teacher too. He cared so much about the students. At that time, my family was not very well off, and he was so kind that he could take care of students with special needs. I appreciated him so much as he helped me a lot. It's good that he is still quite active in his own interest or business in Toronto, Canada. But it was a pity that I didn't have a chance to talk to him at the 40th Anniversary Dinner.

9. **What do you think are the advantages of CSK students?**

Some of our students are very hard-working. I think one advantage of our students is that we have students with so much creativity and that they are quite sociable. We do not confine ourselves to learning just in the classroom. Students in CSK are provided with opportunities to learn beyond that limit. In this way, we can expand the exposure of students. For example, for the past few years, the Student Association organises the Variety Show every year. When I was in CSK, we also organised similar activities, but of course in a smaller scale and with less budget. Throughout the years, I think it has not changed so much, meaning that our students are very active in all kinds of interests. If you look at the interest clubs we have in our school, you can see the differences between our school and the other schools. Some other schools are not so active in this aspect, or you can say they focus more on studying. Of course, we have good students, but by participating in different kinds of activities, students are allowed to get in touch with society much earlier.

10. **How is your relationship with the teachers in CSK?**

I do not really know many teachers very well in CSK. In the past few years, I have worked closer with some of the teachers like those responsible for career, publication, video production and music. I am looking forward to working closer with the other teachers in the future.

11. **What do you think of the learning atmosphere in CSK?**

I think we need to improve our learning atmosphere here. Right now, I think it is improving, with much more homework and examinations. But probably some students are spending a bit too much time playing games like computer games. This is a general phenomenon in Hong Kong which is not unique to CSK, however. Playing games is not a problem, but you have to balance your time for games and studies. You have only 24 hours a day so when you spend your time connecting with friends, you will have less time for studying. So it is a matter of time management. But I still think we need a little bit improvement in CSK - students need to spend more time learning. Of course you can learn some other things by travelling, but you still have to put quite a lot of time on study so that you can have better results. That's the way how it works. No matter how good you are, you still have to prove to people how well you have achieved in examinations. I know boys like playing games, but I hope that CSK boys here can spend some more time learning than playing.

12. **What do you think of CSK students??**

They are very bright. CSK students have always been very active in different kinds of activities, not only in study but also in sports. Although our performances in different kinds of sports, such as athletics, swimming, badminton and long distance running are generally above average. We are quite all-rounded. The purpose of doing sports is not only to be the champion but also to have regular exercise to improve your health. Our students are also responsive to the society. We have some students who are very good in academic work and sports. Some other students are very active in connecting with other schools.

So, our students are active in different areas. I know some schools do not focus on sports so most students in those schools concentrate on their study only. I think we are quite comprehensive, but hopefully we can have higher achievements in these two areas in the future.

13. **How do you strike a balance between sports development and academic enhancement?**

They are both important, but after all I think studying should be placed well over sports. I am not saying sports are not important, but you do not need to play ball games five days a week. I know some students do play ball games seven days a week, but students, especially those nowadays, need to have a very good academic foundation. So, whenever you have time, you should spend it studying, but you still need to exercise for at least two or three days a week.

14. **What are your expectations on CSK? How will you achieve them?**

I would like to see a strong sense of unity in CSK. The new principal will come in September, and I'm confident that he can lead the school and the teachers to prepare themselves for our students. Moreover, we need a more cohesive team of teachers. I hope that students can appreciate the teachers who have experience and can bring in new ideas here. So the teachers, parents, old boys and students can work closer with one another. The new management should lead teachers and students and work under one vision.

15. **How will you break the gap between teachers and students?**

I think it requires two-way communication. Teachers need to know their students as much as they can, not only the subjects they teach. In this way, students can approach their teachers more

easily. I think the easier way is that students take initiative. When you have questions or problems, you can go to the teachers. I know that some teachers are not always available, so there is not a simple solution to break the gap between teachers and students. It is a matter with how you approach others. I believe that at CSK, every teacher has a kind heart, though a few of them may look stern.

16. **Do you have any advice for our fellow students?**

I remember Brother Lawrence has put a short article in the recent PTA newsletter. Its headline is ‘Homework Is Essential’. I remember we did not have much homework some years ago. But homework is a very useful tool. You should not only work very hard two days or one week before the examinations. Instead, you should learn bit by bit by doing homework. You can also know which areas need to be improved. Don’t study overnight before examinations, but start preparing your work right from the beginning of the school year. Of course, in the first month of the school-year, everybody is rushing to join new clubs, electing representatives, or some of them are still thinking about the vacation that has just passed. Work bit by bit regularly is much easier than working overnight before examinations.

四十週年校慶晚宴

12·DEC
2009

為慶祝創校四十周年，我校於2009年12月12日在九龍灣國際展貿中心舉辦了《四十週年校慶晚宴》。當晚我校特別邀請了舊生路政署署長韋志成先生，香港喇沙會教育議會代表，喇沙會屬校及其他友校的校監和校長們出席當晚盛宴，嘉賓雲集，舊生以及同學聚首一堂，場面十分熱鬧。當晚活動的門券收益，扣除必要開支後，皆撥入陳瑞祺（喇沙）書院教育基金，作為學校日後發展之用。

晚宴於晚上六時三十分恭候，校長施建群先生，副校長柯振澄先生及一眾師生已早在會場迎接來賓，出席人數約計八百多人，當中有校友、學生家長及學校師生等人。

七時三十分，節目正式開始，當晚晚宴主題為《傳承、凝聚、拓展》，首先校長致施建群先生歡迎辭，概述學校的教學宗旨、教育成效，以及近年學校的發展。施校長亦藉辭向晚宴籌委會，校慶籌委顧問委員會，校友會，校友基金會，家教會及一眾師生、學校職工兩年來為校慶活動作出的努力致以感謝，亦表示當晚嘉賓的出席是學校的榮幸，令當晚活動生色不少。

繼由主禮嘉賓，同時是舊生，路政署署長韋志成先生致辭，並與我們分享也年輕時候校園生活的點滴。致辭後，韋署長為時間囊交接儀式擔任主持。時間囊裏盛載着學校值得紀念的物品，計劃收藏起來，並在十年後打開，回顧學校過去的發展及改變，勾起各人對學校的回憶。

之後，由四十週年校慶籌委顧問委員會主席，舊生黃學明醫生頒發校慶對聯獎項，他們相繼讀出自己為校慶所作的對聯，引來台下觀眾歡呼，表示欣賞學生的文采。再由四十週年校慶籌備委員會主席柯振澄副校長頒發其他獎項。頒獎典禮完畢後，晚宴在師生的掌聲中開始。

晚宴以簡單的祝酒儀式開始，各師生手持大會特別為晚宴製造的水晶杯，互相碰杯並分享餐桌上的美食。接着大會展示由70年代至今中一班級的班相，照片令人懷念，引起全場共鳴。隨後節目《學長論壇》，由歷屆及現任學長主席到台上分享對學校多年的回憶及感受，以及對未來學長的期望。其後大會播放校慶四十周年的影片，令觀眾都嚴肅起來。

壓軸的表演，亦是全晚的高潮，就是與特別嘉賓的答問環節，由主持代替眾師生掀開多個校內師生間的傳聞及「緋聞」，談及的問題十分尖銳，令全場觀眾看得目不轉睛。

晚宴結束前，由一眾師生唱出開校以來的兩首校歌——分別是1977年前的版本及1977年後的版本，有舊生觸景生情，流下男兒淚，場面令人感動。最後，全體師生攝下大合照，並在一遍熱烈的掌聲下完滿結束，寄望我校將繼續春風化雨，培育出更多的社會棟樑。

Speech delivered by Professor Anthony B.L. Cheung

President,
The Hong Kong Institute of
Education

Rev. Brother Lawrence, Principal Sze, distinguished guests, graduates, teachers and students, ladies and gentlemen,

Good afternoon.

First of all, I would like to thank Chan Sui Ki (La Salle) College for inviting me to this important and joyous occasion. I feel very much honoured to be able to witness a milestone in life of the many young graduates gathered here today. Apart from extending my warm congratulations to them and their parents, I would also like to share with the audience some of my thoughts on environmental protection, which is becoming more important not just for society as a whole, because of all the concerns about climate change, but also for the school curriculum and co-curricular activities, because of the need to provide sustainability education to the young generation. The quality of our environment has become a growing concern internationally and also within Hong Kong. Climate change and global warming are fast becoming recognized as a major risk to the world and human habitat. In Hong Kong, the green movement only picked up its initial momentum in the 1980s, but has by now become a widely embraced social movement that has extended recently to the preservation of natural

and built heritage, over issues like the reclamation of Victoria Harbour, and the demolition of Star Ferry Pier and Queen's Pier. Our community now accepts the need to balance our infrastructural development with efforts to protect the environment.

In the last few decades, in the name of modernity and prosperity, we have somehow knowingly compromised the essence in our quality of life. Today, our environment is deteriorating at a worrisome speed. For us who live in Hong Kong, we can now seldom enjoy a smog-free and blue sky. The roadside pollution index tells us that we are often times inhaling toxic and poor quality air. The situation has been exacerbated in recent years due to the "hot island effect", with high-density high rise skyscrapers sprawling along both sides of the Victoria Harbour. At the crossroads of infrastructural development and environmental protection, we should reflect on: what is the best balance and where are we heading for? That said, though, Hong Kong is not suffering the worst in the global context. With our geographical location and much acclaimed infrastructure, we have only experienced typhoons which cause us inconvenience instead of major disasters. However it is less fortunate for people in the Philippines and Bangladesh, for

example. Over there, climate change leads to extreme weather, and uneven rainfall has inadvertently made dry land drier and flooded wetlands. The consequence is devastating, with some places suffering from drought while the others from floods. Further afield, Africa has unfairly borne most of the brunt though it may have done least harm to global warming. Climate change is sweeping the African continent, with more than 20 million people receiving food aid, and this number is only going to rise further with poor harvests.

As the globe is struggling in mire, to our consolation, world leaders are now becoming more aware of the repercussions of drastic climate change. In September 2009, the statesmen of G20 countries pledged in their meeting in Pittsburg, USA, to step up efforts, including charting an environmentally friendly manufacturing process. China is also committed at the last UN General Assembly to reducing carbon dioxide emission by “a notable margin” by 2020, although the exact target is yet to be announced. Such international endeavours will be sustained at the Copenhagen Climate Council meeting next month, where global leaders will converge again to map out the technical and necessary support for a new climate treaty to replace the old Kyoto Protocol adopted in 1997. You may wonder: what is the relevance of the above-mentioned environmental havoc and international agenda to you? The answer is: people are living in the global village where our lives impact on others dearly. What happens today in other parts of the world will eventually affect us in future, and vice versa.

Coming back to Hong Kong, in July 2009, an environmental levy of 50 cents per plastic bag was introduced by the Government. Since then, the use of plastic shopping bags at supermarkets and retail chains has seen a dramatic drop by as much as 80 percent.

Meanwhile individual public utilities also contribute their efforts towards combating climate change. On 10 October 2009, the Secretary for Environment, Mr. Edward Yau pledged that local wasteful gas would be turned into combustible gas, with the cost generously absorbed by Town Gas. Some banks and corporations are also playing their part, as good corporate citizens, to promote green business which may not be lucrative to their existing business. A reality of environmental protection and sustainable development is that we have to “pay” for them, either by paying more for environmentally more friendly production and systems, or by cutting down on certain aspects of material consumption and satisfaction. Students should never under-estimate themselves in the environmental protection movement. There are various ways for them to intervene.

First and foremost, buy smart. Do not buy out of wants and desires but out of needs, real needs. Take mobile phone as an example, I do not think many of our young people need to change their phones in less than a year with pretext like such phones are malfunctioning, but in fact for the sake of keeping up with the latest technology or trends, as reported recently by an NGO Friends of the Earth,. Secondly, you can help save the earth by cutting down on your consumption of resources (like using fewer plastic bags, disposable lunch boxes and disposable bottled drinks) as far as possible. Please use papers on both sides and think twice before printing hardcopies after doing research on the internet! More fundamentally, we all need to embrace a green lifestyle. What is most beautiful in life is our natural environment. If there are any activities on environmental protection at school, please do not hesitate to join. Let’s not address global warming with more air-conditioning but learn to enjoy natural breezes. Walk more instead of using cars, and help reduce carbon footprint.

The current climate change crisis offers us an opportunity to reconnect ourselves with nature. It is also a reminder that we have to revisit our life style. Instead of only connecting with friends through the web-world, why not have a face-to-face gathering? Having learned more about the environment at school, you can act as a change agent by advocating green living at home, school and your local community.

At the Hong Kong Institute of Education where I am the President, we are also developing interesting programmes on environment studies. For example, in September 2010, the HKIED will be launching a new undergraduate programme: Bachelor of Social Sciences in Global and Environmental Studies. This programme aims to nurture students as caring global citizens and professionals who can analyse and tackle contemporary environmental issues with a multidisciplinary approach and multiple cultural perspectives. The programme we offer will foster among our students an awareness about creating a better world, and promoting human betterment. I hope some of the students here would like to enrol on this programme.

If each and every one of you is doing your own small part, the recurring and collective impact should not be under-estimated. With your conscientious efforts, you can help slow down global warming, reduce the depletion of natural resources, and chart a sustainable future for our community. The world belongs to you and to me, but ultimately it belongs to our future generations, to whom we owe a blue sky, clear air and a green habitat. Act now for our children and grandchildren.

Thank you.

班際演講比賽

演講是一種說話藝術。一個好的演講者，一份好的演講辭，聽起來別有一番扣人心弦之處。而我校的班際中文演講比賽就為同學提供一個踏上舞台表演的機會，讓同學面對台下觀眾表演一番。

二零一零年一月二十日，是舉辦班際演講的大日子，也是一眾參賽同學大顯身手的好機會。比賽分初級組及高級組，初級組比賽採用預備演講形式進行，中一組的題目‘瑞祺與我’，中二題目‘夢’，中三題目則是‘得與失’。

別以為初級組的同學會怯場，不敢表演。實際上，他們的表現極為優異。輕快的語調，生動的例子，再加上臉上的盈盈笑意，實在令人難以相信這些同學會是初踏台板的演講新手。

而緊接其後的高級組比賽，則是採用即席演講的形式進行。中四至中七的參賽同學在接到題目後，只有十分鐘的準備時間。便要上台演出，既考參賽同學的急才，又考他們的臨場反應。名副其實要同學們‘腦筋急轉彎’。而參賽同學亦不負眾望，不論是氣定神閒的態度，流暢而清晰的演講，內容豐富的講辭，都令人難以相信他們只準備了十分鐘，他們技驚四座的演出，更令台下觀眾嘆為觀止。

最後經過評判團的評分後，中一丙的李俊勳同學，中二甲的謝俊浩同學，中三丁的陳卓軒同學在自己的組別中脫穎而出，成功奪冠。而高級組的比賽，七乙班黃健熙同學同以九分之微，險勝六甲班鄭仲謀同學，在高級組比賽中掄元。而五乙班的黎博思則獲得季軍。

班際中文辯論比賽 (初級組)

2 · DEC
2009

班際中文辯論比賽是我校最為悠久的班際比賽活動，各級同學藉此機會，互相雄辯切磋，比賽既能訓練思維能力，又可鍛鍊同學之口才及膽量，可謂一舉三得。亦因如此，每年班際辯論均吸引不少同學參與。

今年初級組的比賽中，三丁和三戊班於初賽中力壓群雄，脫穎而出，踏上決賽的舞台。決賽的辯題為“港府應監管私人樓宇價格”，由正方三丁班對反方三戊班。

決賽於二零零九年十二月二日假禮堂舉行，是次比賽有幸邀請到羅日梅老師，林婉儀老師以及梁韻玲老師擔任比賽評判。比賽一開始，正方主辯便先發制人，向評判團為解釋題目之定義，闡述己方之立場，並舉出小市民難以置業之情況，希望可以動之以情取勝。而反方主辯亦不甘示弱，以干擾自由市場經濟有害無益，影響深遠為由，希望說服評判團。而雙方兩位副辯亦妙語連珠，盡力為己方論

點護航，同時希望從對手的發言中找到破綻。加以攻擊，令比賽緊湊萬分。

緊接其後的自由辯論環節，雙方辯員互相質問，明快的節奏。更將比賽氣氛推上最高峰。反方以“八萬五”政策指出監管樓價絕不可行；正方則指出反方“自由市場凌駕一切”乃邏輯上之謬誤。雙方妙珠炮發，更令台下目不轉睛，屏氣凝息。

到最後的結辯環節，雙方結辯亦希望藉最後的機會歸納己方論點，說服評判。雙方的表現勢均力敵，實在是不知鹿死誰手。

評判團給過評語後，終於到了宣佈賽果的時候。雙方及台下同學都翹首以待，靜候比賽結果。最後正方三丁班以二比一險勝，成功奪魁而回。而最佳辯論員，則由反方三戊班的謝鈺誠同學當選。

今年的辯論比賽，除了為同學帶來一次難忘的經歷外，相信亦已將明辯慎思之風帶入同學之間。期望不久將來能令瑞祺辯論更加興旺，繼續進步！

班際中文辯論比賽 (高級組)

9·DEC
2009

緊接著班際中文辯論比賽初級組的決賽，尚有高級組的賽事，高級組的決賽於二零零九年十二月九日假於禮堂舉行。不同於初級組的比賽，高級組的比賽更貼近社會、時事、民生等議題，讓同學能透過比賽，擴闊視野，留意社會動態，而今年的題目更是與城中熱談的年輕模特兒—“o 靚模”有關。

決賽中對決的兩班分別為正方的五丁班，以及反方的六甲班，兩隊都在淘汰賽中過五關，斬六將，方能踏上最終戰的舞台。這次比賽的題目為“書展不應容許出售o 靚模寫真集”，本會並邀得劉銘恩老師，謝綺玲老師以及麥謝家佩老師出任評判。

比賽一開始，正方主辯便有條不紊地向台下評判及觀眾闡釋題目定義，並指出書展容許出售o 靚模寫真集，有違書展原意，亦會破壞書展應有的氣氛，令書展淪為o 靚模的宣傳平台。

而反方主辯亦不徐不疾地反駁正方的論點，同時提出“寫真集既是書的一種，何以不能在書展出

售？”的疑問，質詢正方。又指出“出版自由乃法律賦予港人的基本權利”，引證書展出售o 靚模寫真集並無不可之處。

緊接其後，雙方辯員亦各施各法，使出渾身解數，發表他們的論證，務必在道理上壓過對方。雙方你來我往，節奏明快，令比賽氣氛愈趨熾熱。

之後的自由辯論環節，更將比賽節奏更快，亦更激烈。台上辯員尖銳的問題，似要令對方啞口無言，無從回答，但回答的辯員卻每每化解難題，並乘勢作出精采反擊，更是令台下觀眾掌聲如雷。

比賽如此激烈，不少台下觀眾在結辯環節後都大有意猶未盡之感，至於鹿死誰手，更是眾說紛紜，勝負難分。最後，評判團一致裁定，由反方六甲班勝出，而該班的主辯鄭仲謀同學，更同時獲得最佳辯論員的獎項。

Inter-class English Speech contest

20·JAN
2010

The Inter-class speech contest was successfully held in the school hall on 20th January, 2010 in the school hall. The contest was divided into two sections, the junior section and the senior section. The junior section was held in the first three lessons while the senior section was held in the fourth and fifth lessons after recess.

Participants were asked to read poems on the stage. These poems were ‘There once was a man’ by Charles Causley, ‘Rover’ by Adrian Henri, ‘The Donkey’ by G.K. Chesterton, ‘Daffodils’ by William Wordsworth, ‘The Road Not Taken’ by Robert Frost, and ‘La Belle Dame Says Merci’ by John Keats.

This year, it was our honor to have invited invite our native English teacher, Mr. A. Beynon, to be the adjudicator of the contest. The contestants’ pronunciations, and fluency were assessed.

Our boys showed their talent and confidence while giving their performances. We believe that the contest will continue to provide opportunities and chances for our students to improve their English speaking skills.

Science Quiz

12 · MAY
2010

Inter-class Science Quiz is one of our school's traditional activities. It aims at testing students' knowledge in science and letting them have a deeper understanding about science. The Inter-class Science Quiz was held by the Science Society on 25th November, 2009 and 12th May, 2010 respectively for senior and junior students. This year, Science Quiz is divided into three sessions – the heat, experiment assessment and the final. As for the science quiz, we have added an experiment assessment section again this year, as science is not something dreary. It is not only about paper work, so we come up with the idea of a practical section. Also, it is a good chance for them to make good use of the knowledge they learn from textbooks.

As for the experiment session, the experiments were:

Junior Form – Determination of energy per mass of potato chips

Senior Form – Determination of the magnitude of gravitational force

After the heat event of the Science Quiz, the three classes getting the highest marks entered the final round. All finalists were required to follow the given

background information to discuss and cooperate with their partners and design the procedure of experiment. It was a good chance for them to learn how to handle the experiment by themselves. And this experiment assessment was marked by our science teachers according to the seven criteria; safety, skill, attitude, accuracy, method, discussion and presentation. During the experiment, the finalists teamed up with their partners and all of them were responsible for their work. And the experiment was undergone successfully. No accident was occurred.

The final round was divided into three parts – the compulsory questions, the experiment assignment presentation and the rapid response questions. In the whole quiz, each finalist had an excellent performance and tried his best. Their insistence and effort were seen. This is the spirit of our CSK boys. TRY OUR BEST is our consciousness. Science Quiz ended successfully under this consciousness. The winning classes of junior forms and the senior forms are 3A and 4D respectively.

Science is a lock, where is the key?

The key is waiting for our discovery.

Inter-class History Quiz

27 · JAN
2010

3 · FEB
2010

In a bid to arouse students' interest towards history, the Inter-class History Quiz 2009 - 2010 was successfully held on 27th January, 2010 and 3rd February, 2010 for senior form and junior form students respectively.

The preliminary quiz was held in November 2009 after school from 3:15 pm 4:00 pm. Three representatives from each class participated in the quiz. In order to test whether students could make good use of their knowledge obtained from their history lessons, and also their common knowledge towards history, the heat quiz consisted of 15 multiple choice questions which were related to Chinese History, and another 15 related to world history. At the end, 3 Classes which obtained the highest average mark would be qualified as finalists. Despite the fact that the history lessons are culled out from the syllabus under the new 334 system, more than 60 junior classes' students were still enthusiastic to prove themselves in the heat.

The final round was a little bit different from the heat. Instead of asking the participants to simply answer some multiple choice questions, there was an additional presentation part in the final round. This session required each class to prepare a three-minute speech commenting on a specified historic event, and they had to present it on the stage. The topics of the presentation were sent to classes one week ahead of the quiz by the Chinese history club. This was added to the final round as a usual practice in order to

create a thrilling experience to both audience and the participants, and as a goal to challenge the participants' critical thinking skill and effective presentation skills. Their performances were graded by our 3 teacher adjudicators: Mr. H. T. Tang, Ms. Y.Y. Kwan and Ms. S. Y. Hung. With plenty of preparation, all representatives from both senior and junior forms were able to present their speeches in some astonishing ways. They expressed their own opinions supported by sufficient examples and evidence. Their incredible performances won a big hand from the audience.

After that, the quiz came to the last part of the event. In this part, each participant had to give the first answer as quickly as possible after the host had read out a question. Also, this part had the highest mark weight in the whole quiz, which created a chance for the losing classes to have a great comeback and possibly win the competition. With the cheering from their classmates, the participants persisted with their last sweat to fight for their pride. At the end, because of their fabulous performances and marvelous teamwork, 3E and 5B won the championship this year.

As a result, with all the outstanding performances of the six finalists, and the generous support from the audiences, the quiz was successfully held as a remarkable event in the year, and helped to achieve the goal of boosting students' interest in studying history.

Variety Show

20 · MAY
2010

Time flies, this academic year had nearly come to the end. It is May now, rather than prepare for the final examination, we, the members of student association had an other mission to complete. variety show had become a school routine activity since four years ago. it became the biggest project alongside the Christmas ball. i can even say than variety show is even a harder task to be done because it involves the collaboration of many parties. for this year, we named the show as 'Eternity'. what we are trying to present is that on one hand this show should last to enhance the popularity of our school and promote our school to the public, on the other hand, the spirit of our school had last! we never say die and give up! The most essential components is our fellow students' efforts. We cannot just talk but to take action to prove people who ever underestimated C.S.K!

Back to show, we had around 470 guests attended the show. We had also prepared some similer activities as last year but we had achieved improvements. We cooperated with an other stage production team this year and we had a much better lighting effect. Also, for the artists performances, we invited Chau Pakho and Yu Kiu Ava to our show. The feedbacks are impressive especially those to Pakho. Beside, Li Hong Ming from 7A and Or Kwok Fai who had already graduated from CSK, are the MC of 'Eternity'. The show started at 7:15 pm. The first performance is the bands music show. One of them consist of 4 boys from f4 and the

other is formed by a old boy of CSK, Alex Or. This two bands had successfully motivated the audiences in the hall and paid efforts to keep the emotion to the next performance. The bands show was followed by the street dancing show which was played by Infinity Dance Studio. Those dancers are amazing and had impressed our guests with their brilliant talent. After that, it is time for the W-ind Band from our school. We were trying to insert more school' features into 'Eternity' to enhance the sense of belongings of our students. We had some difficulties in setting up the equipments but we soon fixed the problems. Moreover, we had a fantastic magic performance. Guests were invited to take part and this had gave them a big

surprise. Then it came to the highlight of the night, two artists performances, the audiences enjoyed it a lot! The show then ended with a lucky draw and MCs had asked the guest to leave.

I may conclude that the show is a victory of S.A! we had overcome lots of obstacles and at the time the show ended, and guest had gave us a big hand the feeling is mavelous. Hopefully this variety show can last and improve every year to remind our students that CSK has always be one of the best schools in Hong Kong and we must stay together to protect this honour!

CSK students love singing, so MUSO provides a chance for them. The Singing Contest was held every year before the Chinese New Year holiday. It was a great opportunity for CSK boys to show off their talents and find out their potential. After a keen competition, Miss Y M Law, Mrs. A Lau, Mr. M H Ying and Mr. H T Tang, the judges of the semi-final, chosen 8 solo players and 4 groups. We were glad to invite Parkland Music Company to be our honourable performance guests and judges for the final of the contest. In addition to the band performance from Parkland Music Company, we also had USB, the winner of the Instrumental Class of the last year Music Contest to perform three songs for us. The winner of the solo group of the Singing Contest 2010 was Chan Long Chai and the group winner was Small Four.

Furthermore, the Singing Contest featured the teacher-student singing group so as to strengthen and maintain good relationship between teachers and students. This year, as there was only one group participating in the teacher-student singing group, Cheung Long Hang and Miss K.M. Chiu participate the contest as a performance. The winners did a great job during the contest and the judges were touched by the impressive performance of all participants. The winners of the Singing Contest may have the opportunities to represent our school to participate in the Joint School Singing Contest.

Presentation of Ties to Prefects

14 · SEP
2009

Good morning, teachers and students,

Today is a day of honor to our school prefects. On Tuesday last week, teachers met for selection of this year's prefects. The selection criteria are closely related with the success criteria stated in our school vision and mission.

Generally speaking, our vision/mission is successful when our students

1. Respect and care about each other
2. Work together in facing changes and challenges
3. Develop a love of learning, life-long and life-wide
4. Develop a sense of responsibility for the good of the local and world community
5. Lead a healthy lifestyle mentally and physically
6. Have a sense of belonging to the school and to the wider Lasallian Family.

The school is happy because there are over two hundred applicants and all of them are qualified. We sincerely hope the prefects so selected will devote themselves to helping the school to achieve its success criteria.

The school encourages students to aim at becoming a prefect because it means an opportunity in leadership training and in serving people which you might not be able to learn from your normal lessons. Prefects deserve our respect because they help tremendously in maintaining the good traditions of CSK, helping the running of school activities and keeping the discipline of order of students. We are grateful to Mr Yiu Kin-man and his team of prefects who

served in the last school year. Please join me to give Mr Yiu and all prefects of the last school year a round of applause. Thank you. At the same time, the school appreciates the courage of Mr. Chau Yim Hang and the newly-elected prefects. We trust that they will not disappoint us and will continue the good legacy of our school's Prefectorial Board. Also, I must thank Mr CK Wong and other teacher advisors of the Prefectorial Board for helping our prefects and students to develop good discipline and order.

In order to show our support, please join me again to give the teacher advisors and the prefects of this school year a big hand. Thank you.

Finally, I firmly believe that when all of you are a good leader today in school, you will be a good leader tomorrow in the community.

Thank you.

如何做個成功的人

尊敬的施校長、各位老師、各位同學：

大家好！

我很多謝施校長的讚美。我今天很高興回來闊別三十年的母校和大家交流。我以陳瑞祺為榮。其實，我並不算是成功的人物，只是薄有成就而已。

引言

施校長今次請我回來，給我很大自由度。題目任我選。所以在我來跟大家見面之前，我先做市場調查，看看大家會對甚麼話題有興趣。

我的十四歲兒子和十五歲姨甥不約而同告訴我，太說教的不用說了。「多讀書」的訓話也可免。因為每天老師都講很多遍。

還有，他們強調中文比英語更吸引。這個調查結果準確嗎？「見大家的反應……」我決定來一個突破，用中文發言。

今天的題目

而我的題目是這兩個年輕人給我起的。題目是「如何做個成功的人。」我深信大家會對這話題更感興趣。若然大家有興趣，稍後我們可以來次真情問答。

如何做個成功的人？

創造運氣和機會

第一要記著是自創運氣，自創機會。

美國心理學家弗拉格說：「運氣不一定出於自然。運氣是可以自我創造的。」

如何製造運氣？很簡單：

- 要有理想和熱忱：依據自己的理想，訂立可行實際目標，然後熱忱實現目標。
- 備課 — 留意最新發展，充實自己。方法是上課，參加研討會。閱讀報章雜誌，當機會來臨便可一展所長。
- 確保幹勁相等於準備功 — 努力工作。如果需要趕工，便要捱義氣。記著多一份耕耘，便多一分收穫，升職加薪機會也比人高。當升職時，其

他人可能認為你是「夠運」，事實上你一直在招引幸運之神。

- 多利用想像力 — 多想像，多創新意。還有是表現得是一個成功人物。只要你表現有信心，人們就開始把你看作勝利者。
- 要問「為甚麼」和「為甚麼不」「WHY」及「WHY NOT」— 遇到障礙時提出問題。你開始找出新的辦事方法，並製造更多機會，使幸運之神往你那邊走。
- 開放思想 — 這裏是要大家有批判思想，求新精神，不抗拒新觀念。它們可給你帶來新機會和運氣。這個說法，我三十多年都視作不二之門，確實中用。

待人接物，尊師重道

然而要成功的另外一個重要元素是：待人接物，尊師重道。很多時我們年青人會自視過高，目中無人。所以我們要學懂謙虛。我亦借用一位出家人的偈語：「對驕傲的人，無須謙虛；對謙虛的人，絕不能驕傲。」

在我而言，我有兩個信念：（一）人人平等（二）每一個人都是重要的持著這兩個信念來跟人相處就順暢很多。

總結

總括而言，大家在學要做好以下的事：

- 除了學好老師教授的知識外，就是多溫習，考好試。
- 多參加課外活動。在課外活動裏，不只是參加，而是參與組織活動。透過組織活動，鍛鍊領導才能。以我為例，我在校當過攝影會主席，愛丁堡獎勵計劃，現稱香港青年獎勵計劃召集人。
- 多關心身邊的人，關心身邊的事情。多跟人溝

通，多用筆寫，多讀文章。你一定會認為這是很難，而且在電腦很難不用「火星文」，潮語。但我要提醒大家，因為香港新一代的語文水平急劇下降，所以「香港」在國際舞台逐漸褪色，而且極有可能在不久之未來消失。

- 獨立思考，不要人云亦云。八卦雜誌說的對嗎？報章報導一定對嗎？
- 多留意世界，國家和本地大事，多分析。建立自己的立場和觀點。在適當時間多發表意見。
- 從「大我」和「整體利益」出發，盡量減少太注意個人利益。
- 因為你們的父母對你們照顧太好了，所以要鍛鍊刻苦耐勞。吃虧也無妨。
- 強健體魄，多做運動。

當然，另外一個實質成功之道是參加香港警隊。不過這一條成功路是要求大家有正義感，服務社會大眾之心，也有警惡懲奸之志。

說到這裏，也許是總結的時候。

要成功，要有理想和實際目標。也要裝備自己，作最好的準備，作最壞的打算。多關心身邊的人和事。還有的是強身健體。

結語

最後，我請大家緊記，你們是陳瑞祺的中堅，也是香港和國家的棟樑。你們越做得好，母校，香港和國家就會更好。

在此，我祝願大家，學業進步，身體健康。為香港，為國家幹一番事業。

多謝大家！

Caritas Bazaar

1 · NOV
2009

Every Year, the Prefectorial Board takes part in Caritas Bazaar which is the most important charitable event for our prefects of our school. Al of us tried our best to raise more money for charity. Same as last year, we joined the bazaar in Fa Hui on 8th November, 2009.

Since the beginning of October, we had been finding as many goods as we could for this event. We had been very busy to collect those donations from countless factories and companies in Kwun Tong and San Po Kong. However, there were only a few companies that could supply goods to us. In spite of the cold shoulders, our prefects used their free time to contact more companies so as to collect more donations, especially our Form 6 prefects who had shown their leadership and patience. They worked very hard and did not give up.

After our visits in different districts, it was inspire that we received many phone calls from companies replying that they were willing to donate more goods to us. As a result, we collected lots of goods before the bazaar.

In the morning of the bazaar, there were only a few visitors. Thus we take this chance to promote our counter by saying our slogan. Fortunately it came into effect and aroused more and more visitors' attention to visit our counter and bought our goods. Our counter was then crowded with people

and we became busy in promoting and selling goods to them. Even though all of us felt tired and hot, the morale of all 'Boys in Red' let us recover from it. We tried our best to sell every product in order to raise more and more money. It is no doubt that our counter was the most attractive and always surrounded by people till the end of the bazaar. Eventually, we raised about \$15,000 and most of it was donated to Caritas.

It was honourable for all prefects to take part in this memorable event. All the effort we spent is not just for the bazaar, it also strengthens our sense of belonging throughout the process. Last but not least, I want to thank all prefects and helpers for their selfless support.

Lasallian Exchange Programme

This year, the Student Associations of four Lasallian Brother Schools jointly organized the Christian Brothers' Schools Exchange Programme to enhance the communication between brother schools. The four schools that took part in the programme included Chan Sui Ki (La Salle) College, Chong Gene Hang College, De La Salle Secondary School and La Salle College. The objectives of this programme are to help students understand different cultures in the Lasallian schools and let them the Lasallian spirit.

The programme started with orientation which was held on 17th April, 2010 in La Salle College. Participants were on an exchange for four days from 19th April, 2010 to 22nd April, 2010. The last day of the programme was the closing ceremony which was held on 23rd April, 2010 in De La Salle Secondary School. Eight F.4 students for our school studied in other Lasallian schools and experienced the school life there, while eight F.4 students from other schools

came to CSK. 2 students were from Chong Gene Hang College, 2 students from De La Salle Secondary School and 4 students from La Salle College.

The students enjoyed their stay in CSK. They had lessons with our students, played dodgeball with the F.4 mentors and had lunch with them. It was indeed a valuable chance for the Lasallian students to get to know more about one another. They will probably work together better when holding joint-school activities in the future.

The students tend to more possible subject combinations; it will be hard to organize such programmes in the future. Therefore, the Student Associations of the four Lasallian schools are going to hold more regular meetings so as to discuss the solutions in this important aspect. Finally, we hope that the programme will continue in the future so that more CSK students can have such wonderful experiences.

■ Fung Hoi Kin, Victor F.6A

Chan Kei Hon F.4A

In the exchange programme, I was sent to Chong Gene Hang College. Before the programme, I had no idea about this school. After the programme, this school has given me valuable memories. I have made many friends there. They are very friendly and helpful. The teachers there are very kind, especially Mr. Chu. He seems to be a friend of mine. He helped me to adapt to the school life there.

Apart from friend, what I have gained is a better understanding of the cultures of other schools and the unforgettable experience.

Chan Lok Hin 4E

I would like to extend my gratitude to the Student Association for providing me with this golden opportunity to be on an exchange in another Lasallian school. When I arrived at La Salle College, I wondered what would happen to me. I was a bit worried that the students would look down on me or even ignore me.

After I got along with the students there, all of worries disappeared. Although we have become friends for only a few days, they treat me like their old friend. I was touched because of their care and I enjoyed getting along with them. I'd like to thank them all and hope our friendship will last.

Chan Po Sing F.4E

Time really flies; I suddenly realize that I have become one of the members of the Lasallian Family for 10 years. When I was still a primary school student, I didn't understand what the Lasallian spirit was. I only thought that it was a slogan.

The Lasallian Exchange Program has provided me with a valuable chance to explore the hidden meaning of the Lasallian spirit. After participating in the program, I understand that the spirit not only reminds us to pray God always, but it also reminds us to have faith.

Although the program lasted only for 5 days, it has benefited me a lot. Through this program I have learnt how to get along with others, and how to reach a consensus through communication. What is also worth mentioning is that, the program has let me know the responsibilities of a CSK boy. I hope I can share my experience with my classmates and act with the spirit together!

Hui Ting Long F.4E

In the exchange programme, I was sent to Chong Gene Hang College. Although the exchange programme has come to an end, what I have learned and experienced will never be forgotten.

In the past few days, I studied in class 4A in CGHC. The classmates are more friendly and helpful than I expected. Once I was confused about a chemistry topic, a classmate offered me a helping hand wholeheartedly. His friendly

gesture touched me a lot.

Through this programme, I have learnt more about the Lasallian spirit and the culture in different Lasallian schools. The experience has also widened my horizons. On the whole, the programme is fantastic and it is worth joining.

Li Xehong Terry F.4C

I am grateful to the Student Association for giving me a chance to join the exchange programme. I can totally understand what the Lasallian spirit is after joining the programme. This programme has widened my horizons. I have learnt more about the other Lasallian schools. Encouragement and support are the most valuable gifts we received during the days in CGHC.

I enjoyed the days in CGHC, but I also realize that CSK is the school I belong to.

Ip Tsz Kin F.4E

Having joined this exchange program, I am impressed by CGHC. Teachers there are always helpful. Members of Student Union have also helped us to adapt to the environment of the school. Contrary to my expectation, students in GCSE can manage their time efficiently and they have good achievements in every aspect. This exchange program has not only broadened my horizons but it has also given me the chance to share opinions with the students from GCSE. Thanks to everyone in GCSE, I have had an unforgettable experience there.

薪火相傳北京南京國民教育之旅

研習總結組員感想

中六甲 黃裕安同學

時下學習模式，令本來已經厭倦了的學習模式添上一分新鮮感，重燃對學習的熱情。在教室中，看著書中描述「水立方」的文字，聽著老師講解「鳥巢」的構造以及觀看互聯網中故宮的圖片，是不能感受到它們的宏偉、壯觀。這次透過國民教育交流計劃，可以親身前往北京及南京，參觀了不同的景點，例如北京的故宮、鳥巢、人民大會堂，南京的靜海寺、南京大屠殺紀念館等等，都帶給我十分深刻的回憶，令我對國家產生多一分歸屬感。能夠親臨故宮，實在是一種榮幸。雖然，現在的故宮是對外開放，但回想起實行皇帝制度時，這裏是一個禁地，很多平民百姓都只能在城牆外，幻想故宮中的景觀，幻想自己有一天能夠身處其中。

中六甲 鄭仲謀同學

古語曰：「讀萬卷書不如行萬里路。」起初我對此古語心存懷疑，但經過這次的交流後，這話已經在我心下奠下了一個肯定的基石！雖然，這次的行程十分緊密，而且還令我損失了三天的上課天，但我獲得的絕對比失去的多。

中六甲 卓志行同學

去完這次旅行之後，加深了我對中國歷史的知識，建築風格，風土人情及結識了很多朋友，更重要的是令我反思了很多關於中國現今狀況的問題和古今的對比。例如在參觀故宮時，我不禁驚歎前人偉大的建築技術和智慧，無論在午門，太和殿，後花園，都能體現出中國人在建築上包含著天人合一的精神和中庸之道。現在的中國已成為了世界的一個大國，由此可見，改革開放的重要性。在參觀北京現代汽車的工廠和北京城市的高樓大廈，都能體現出現時的中國的特點，這一切一切都令身為中國人的我十分自豪！

中六甲 馮浚桁同學

南京大屠殺紀念館不單止令我認識到這段對中國有著重大影響的歷史，更令我明白到世界和平的重要。數年前美國在伊拉克和阿富汗發動戰爭，當時我一點也不在乎，不關心。每當新聞報告報導當地戰事的情況，死傷無數，我都只是覺得是一則平平無奇的新聞，戰爭當然是有死傷的。可是，現在的我想到當地的人民，經歷著的慘況，就和紀念館中的片段，我真的希望世界能夠和平，戰爭盡快結束。

中六甲 莊廣清同學

現今全世界都在說中國的發展、中國的經濟等等，但對香港一般的中學生而言，知道的就是中國好像強大了，但如何強大、為何強大根本甚少學生知道。經此一遊，令我加深對中國經濟、民生發展的認識，一座座的高樓大廈、愈來愈多的外資企業、龐大的汽車數量等等，這就印證了中國市場的強大。在發展經濟同時，中國遙遠的文化也同樣得以保存，如是次旅程中參觀的故宮。

中六甲 馮凱鍵同學

要數到印象最深刻的莫過於是參觀南京大屠殺紀念館了。在紀念館中，有不同關於我國同胞生活在大屠殺時段的相片和資料。原來，他們所受的痛楚是多麼的大：男的被日本軍人虐待、女的則被他們強暴，連老年人和小孩子也不能倖免。當我看到一些大屠殺生還者錄影的片段，敘述那時逃避日軍的追殺及面對家人離世的困境時，我心裡也為他們感到難過…可幸的是，他們能夠抱著「要記住歷史，不要記住仇恨」的積極態度來生活至今。然而，此行也讓我明白到戰爭的可怕，人民無辜的死亡，實在是令人惋惜。但願，國家與國家的紛爭也可以像大屠殺生還者一樣，只記著歷史而不記仇恨。這樣，人類的戰爭便會愈來愈少。

綜合來說，這次的交流之旅真的使我獲益良多，我既能體會到我國舉世聞名的傳統文化和藝術，又能感受到我國同胞的慘痛經歷。希望將來我還可以到國家其他的城市增廣見聞，對祖國有更深入的認識。

「沒到長城非好漢」，相信未能參觀萬里長城便是我唯一的遺憾吧！

Inter-school Star Observation Camp

Joint School Star Observation Camp was successfully held from 23 to 24 of January, 2010. It was co-organized by our school and the Science and Mathematics Society of Pooi To Secondary School. A total of twenty F.4 and F.6 students from each school have participated in this event.

23-24 · JAN
2010

During the camp, students were taught the techniques of star observation and some related knowledge in astronomy. As a result, they developed interest astronomy and many said they hoped to learn even more about it in the future. Besides, there were many other activities worth mentioning. For example, they played some games which demanded good communication and problem-solving skills. Through these, marvelous team spirit and joyful friendships were built in the team and between team members.

Regarding the preparation of the camp, though it was merely a 2-day camp,

there were much more preparation required than one can imagine. From booking a suitable campsite, confirming the rundown, preparing various instruments and materials, promotion, we faced difficulties. However, I am proud to say our team corporated with each other and the students from PTTS well. Consequently, no matter what difficulties we encountered, we tackled them as a team and as well as we could.

At last, I want to take this opportunity to express my gratitude to every member of the preparation committee. They have done a fabulous job. Especially in January, they had to work with the mid-term exam and the camp at the same time, making their workload tremendous. Nevertheless, they have never complained and worked so hard. So, thank you, to those who made their efforts.

Inter-school English Debate

English debate, which maybe difficult to local students as English is their second language, but it means a lot to our team members. In order to provide life-wide learning, English department has set up an English Debating Team which members are mainly from form 3 and 4 students.

This academic year, we had joined 2 big competition held by Sing Dao News and South China Morning Post, namely Sing Tao Inter-School Debating Competition and NESTA-SCMP Debating Competition respectively. During the Sing Tao Inter-School Debating Competition, we were being affirmative side and the opposition side was Ying Wa Girls' School. Although this competition was our first competition since the team was formed, the teammates were all calm and explain their arguments fluently. Despite the fact that we had lose, we gain experience for the future competition and training.

A few months later, we participated in the Nesta-SCMP debating competition. The first round we were going to debate with Shek Lei Catholic Secondary School on 12 March,2010. The motion was 'That celebrity tutors are good value for money'. Abide by the lose last time, the team became more confident and more courageous to rebut the opposition this time. As the result, we beat the opposition team in this competition. As the team had put lots of effort in the competition, this competition gave the team a revenge which pushes us become better and better.

Last but not the least, our team would like to thank Mrs. B.Chan and Ms. Y.M.Lee for their support on us. Without their generous support, we would not have a chance on English debate. Hope that next year we will have more achievement on debating.

Christmas Ball

23 · DEC
2009

This year, the Student Association organised the Christmas Ball with Tak Oi Secondary School on 23rd December, 2009. The theme this year was 'Timeless Moment' and we had about 80 participants this year.

The ball started at around 6.30 pm. The participants entered the hall with a pairing up session and ice-breaking activities. Then there was a dancing course session to teach the participants to dance, followed by the first dancing session. After that, a singer from Chan Sui Ki (La Salle) College and one from Tak Oi Secondary School sang on the stage, and they gave the audience a very memorable time.

There was also a 'Game Session', in which participants were chosen to go on stage to imitate certain dancing video clips showed on the screen. Both players and viewers enjoyed the game very much as numerous comical scenes appeared. A number of players even revealed their barely known clumsy images to their friends!

At the end of the night, the Dancing King and Dancing Queen were selected. This was really a breathtaking moment as three pairs of candidates had to perform catwalk before the result was announced. The dancing king is Chan Chi Shing from CSK and the dancing queen is Emily from Tak Oi Secondary School. Finally, the program ended with another dancing session led by the dancing king and dancing queen and everyone admitted that it was really a night composing of a wide array of 'timeless moments'!

Hong Kong Lasallian Youth Movement (HKLYM)

The HKLYM consist of four Christian Brothers' Schools of Hong Kong, including La Salle College, Chong Geng Heng College, De La Salle College and our school. The aim of the HKLYM is to promote the Lasallian spirit among our students. That is the 'Faith, Service, Community', and we practice the spirit in schools through different activities.

We have meetings for arranging different activities and discussing the issues concerned for the HKLYM. Until now, the HKLYM had held the following activities:

Visiting Christian Brothers' Schools program

Some of our schoolmates and other students of Christian Brothers' Schools visited La Salle College in February 2010. There was a school tour and other types of activities, so as to have a better understanding on the culture and school life of the Christian Brothers' Schools.

Christian Brothers' Schools Exchange Program

The Christian Brothers' Schools exchange program was held on 19th ---23rd April 2010. Some of our form four schoolmates were sent to different Christian Brothers' Schools to experience the school life in other Christian Brothers' Schools. And eight form four students from the Lasallian Schools came to our school and experienced the school life in CSK.

HKLYM Fun Day

The program was held on 24 January 2010 at our school. Students from different Christian Brothers' Schools came to our school and played a lot of station and team-building games. The programme had cultivated better and harmonious relationships among the Lasallians.

Voluntary services program

This year, we organized some voluntary services programs for helping people who are in need. And we can practice our Lasallian Spirit of 'Faith, Service, Community' through the programme.

By joining these programs, all of us can know more about the Lasallian spirit, and realized that it is easy to practice the Lasallian spirit in our daily life. Finally, we will try our best to promote the Lasallian spirit to our fellow students, and let more students to know about the St. John Baptist De La Salle, and his spirit of 'Faith, Service, Community'.

Religious Activities

“Exalt the LORD our God! Bow low before his feet, for he is holy!” (Psalm 99:5). “You have shown me the way of life, and you will give me wonderful joy in your presence” (Acts 2:28).

communication with God. The seeds of the Catholic Christian faith, spirit and values are being sown in the hearts of students. Students are encouraged to reflect from time to time and to relate the Catholic Christian values and Lasallian spirit with the Chinese culture, Hong Kong situation and their lives. This can nourish students with more resources for facing their lives, challenges and the future. This is beneficial for the holistic personal development of students.

Morning Prayer

Early in the morning, we would start our school lives with “Our Father”. Teachers led the prayer on day 1, 3 and 5. Students of Catholic Society and representative students of different classes took turns to lead the prayer on day 2, 4 and 6. In October and May, “Hail Mary” was used as prayers. When there were special occasions, we would use special prayers. Prayer led us to the holy presence of God. We have to be quiet and listen to the voice of God. He will grant us strength and guidance for our lives.

For educating students spiritually, religious activities were being held by the Religious Education Committee and the Catholic Society throughout the year. We drew our strength and insight from the life experience of Jesus and St John Baptist de La Salle. The Christian spirit and the Lasallian spirit were being spread among our students.

Students were offered the chance to experience the quietness, the richness of Christian spirits and the

Monthly prayer

For the first Friday of each month, we had special themes for the monthly prayers.

Religious ceremonies

Religious ceremonies were being held for different occasions throughout the year. There were the school opening ceremony, Christmas Service, Easter Service, Lasallian Feast Day Service and the school closing ceremony. The main theme of the school opening ceremony is “Care for our country China”. Rev John B. Kwan (關傑棠神父) had been invited as the guest celebrant of the ceremony. Fung Cheuk Wai had shared his study tour in China. This was organized by the programme of “the Harmony in Diversity” of department of religion of the Chinese University of Hong Kong. During Christmas, we encouraged students to care for our environments. We remembered our Lord’s death and suffering in the Easter Services. In the Lasallian Feast Day Service, we learnt to serve the world through the Lasallian spirit of faith and zeal. The Shepherd Creation was being invited to show us some interesting magic. Students also participated in the magic show. And students were guided to listen to the voice of God and to gain power through prayers. For thanking God, we would have the closing ceremony. During the ceremonies, we would listen to the voice of God through the bible reading. And we would prayer to God as well. Sometimes, we would have life sharing and film show as well.

Prayer meeting and bible reading

We would also have prayer meetings and bible reading from time to time. We prayed to God for His blessings and guidance for our daily lives. We also offered all our religious activities to God. For Him, He was our God. It was He who guides us, lead us and develop us.

In the prayer meetings and bible sharing, we would read bible, listen music, pray and share our life experiences. We would pray for ourselves and each other. We would also pray for our families, schools, Hong Kong, China and the world. We also reflect on the meaning of the bible messages for our lives and our living environments.

Through the spiritual practice, we can experience the holy presence of God together.

Sports

Sports Report

Just like the previous years, our Inter-class Swimming Gala announced the commencement of our sports season. Following days of tropical cyclone and heavy rain, our Swimming Gala eventually took place in Tai Wan Shan Swimming Pool under the Very Hot warning signal. Fortunately, our competitions were not affected very much by the hot weather condition. Participation rate was low and results were not really outstanding this year. However, we could see several promising new faces from Form 1. Altogether, six teams took part in the 4 x 50 m Invitation Free-style Relay. Finally, our CSK Team A and CSK Team B took the 1st and 3rd places respectively, with the 2nd place went to La Salle College. Mr. Ko Ka Lok, Kevin was the Guest of Honour and helped to give out the prizes to our winners. Mr. Ko is the Secretary of the CSK OBA, and he was also the Head Prefect of CSK in 1982-1983.

Our swimming team members did very well in the Inter-school Swimming (Division Two) Championships, which was also the first inter-school sports event this year. Most of our team members got standard points and many of them were qualified for the finals. Team members who did particularly well included Fan Chun Kit (3B), Chan Yuen Chit (3D), and Wu Ho Ming (1D). Our B Grade 4 x 50 m Freestyle Relay Team was Champion while our A Grade 4 x 50 m Medley Relay Team was 2nd in the finals. Eventually, our B Grade team took the Champion title and our Swimming Team came 3rd in the Overall.

Another event which followed closely the Inter-class Swimming Gala was our Inter-class

Cross Country races. A total of 144 participants took part in the A, B, and C Grade races this year. Six old boys came to take part in the A & B Grade race. Some of them were graduates in the 1990s and most of them are still very active in running training. As a result, five of them were among the top finishers on that day. Our cross country team members only had average performance in the Inter-school Cross Country (Division One) Championships this year. The B Grade team was 3rd and the Overall position was only 6th.

Comparatively, the Inter-class Athletics Meet always has the greatest number of participants. However, the results, again, were not outstanding this year. Eight old boys came back to take part in the 5000 m and Staff/Club Medley Relay. We tried our very best to form our Athletics Team and start our training earlier this year. With the efforts and determination of our team members, we did quite well in the Inter-school Athletics (Division Two) Championships this year. Most of our team members achieved standards and many of them were qualified in the semi-finals. Our finalists continued to do well and gain some more points for our team. Our C Grade 4 x 400 m Relay team improved again and eventually took the Champion title with the support and cheering of our students, teachers, old boys, and parents on the spectator stand. Finally, our B Grade team came 3rd and we were 4th in the Overall.

The performance of our racket games was not that good this year. The Badminton Team was 6th in the Overall, and the Table-tennis Team could only take the 4th place in B Grade. The performance of our Football Team was ever worse this year. We were 12th in the Overall and had to be relegated to Division Two next year.

On the other hand, our Basketball Team had a great harvest in the Inter-school Basketball (Division Two) Competition this year. Our A Grade Team took the Champion title while the C Grade Team took the 3rd place. With the combined results of the A, B, and C Grade teams, we were Champion in the Overall and will be promoted to Division One next year. The prize giving ceremony for Inter-school Division Two and Three was held in our School Hall this year and Mr. K. K. Sze, our Principal was also invited by the HKSSF as the Guest of Honour to give out the trophies to the prize winners.

Stepping into the 41st year, we had some breakthroughs this year. We took part in the Inter-school Tenpin Bowling Competition for the first time. Hui Hong Chuen (5D) was 5th in Individual and our team was sixth, which was really encouraging. For other open competitions, Lee Chung Yin (4D), with his partner, was Champion in Boys Double in the 23rd Hong Kong Canoe Orienteering Open Championship. He was also 3rd in the 36th Tolo Harbour Canoe Race in the Boys Single (15 Km) category. Yu Tsz Wai (6A) was 2nd in the Joint School Orienteering Championships and 2nd again in the HK Youth Orienteering Championships. Our junior form student Tang Ho Man (1A) was Champion in Boys C-D Grade in the Hong Kong Archery Association-Bank of China (HK) 53rd Sports Festival Archery Championships.

Four of our athletes had also been selected to represent Hong Kong in International and Inter-port competitions this year. Fung Tsun Hang (6A) was selected by the Hong Kong Schools Team to play in the Inter-port Basketball Championships held in Hong Kong, and helped the Team to take the 2nd place in the competition. Pong Lap Yan represented Hong Kong in the Asian Youth Badminton Championships held in Japan. Hui Hong Chuen (5D) represented Hong Kong in the 10th Milo International Junior All-Stars Bowling Championships 2009 held in Kuala Lumpur, Malaysia. The last but not the least, Yu Tsz Wai (6A) took the Champion title of the M18-Long Distance category in the Guangzhou-Shenzhen-Hong Kong Cup Orienteering Challenge Competition held in Shenzhen. Later, he represented Hong Kong in the Asian Orienteering Championships 2010 held in Japan, and achieved outstanding results, which included 2nd in M18-Long Distance, 3rd in M18-Sprint, and 7th in ASOC-M20E Middle Distance categories.

Most of the results achieved by CSK athletes this year are really encouraging. Combining all of our inter-school sports competition results; we achieved 77 points and were placed 12th in the Bank of China (HK) Bauhinia Bowls Award. Before concluding this report, I would like to thank all team members and teachers-in-charge for their contributions, and hope that all of our F.5 and F.7 team members can have satisfactory results in their open examinations as well.

Inter-school Basketball Competition

4 · DEC
2009

The 4th of December 2009, has become a significant day in CSK history. Our A-grade basketball team, which recovered rapidly from the lost in the last game in the subgroup matches, beat Kwun Tong Kung Lok Government Secondary School by four in the semi-final and successfully put themselves into the final venue. The opponent of our school is Kowloon Wah Yah College who had defeated our team once in the previous game and we all knew that it would be a tough game versus them. Our basketball did not have any last training before the game; instead, players obeyed their coaches, Mr. C.T. Leung and Mr. C.K.Ma, to arrive at the stadium earlier and to be relaxed.

The game was held in Wan Chai Southern Stadium. At around five, teachers and schoolmates entered the stadium one after another. Half an hour before the game, our team started to warm up. We could feel the tension on their face but also their passion for basketball. There were not less than 300 schoolmates supporting them and almost a thousand guests watching their performance. The game started at exactly seven. Once it started, the cheering teams from both schools never stopped till the end. Apparently, our school was in an advantageous position given the number of supporters and the uniformity of cheering. Nonetheless, our players did not play well at the beginning and WAH Yah College had played a 10-0 run. Mr. Leung called a timeout immediately and tried to get the players back into the game. He did it successfully and our team was getting better. Sin Ka Kiu scored the

first point for CSK from the three point line right after the timeout. Our team then kept struggling and tied the game in the second quarter. We even ended the second quarter with a small lead. At that time, our schoolmates were trying their best to show their support. Games went on again. Neither team was able to extend their lead. The key player in our team, Fung Tsun Hang, scored his first three points in the game and tried to extend the lead. However, our opponent had not given up yet and were still sticking to us closely but our team was still focusing, protecting the basket and grabbing

the rebound. When there was only three minutes left, the team' captain, Wong Yu On scored a long-ranged three-point to beat the shot clock. Wah Yah College still got hope after that, but the two consecutive steal from Li Kin Ho destroyed their hope. When the whole schools heard the last whistle from the referee, we all went crazy and were screaming around. The effort paid by our team was not wasted and we were glad to have watched such a great game!

Inter-school Cross Country

It was 2nd November 2009, and it was the day of 2009-2010 inter-school division one cross-country competition. This competition has been one of the most important school events. Despite the brilliant history we have made in the past, our team was doing well in recent years, especially last year when we won the third-runner-up.

The goal of our team was to continue this great job and even achieved a better result. In the morning, our team members came back to school as usual and they gathered at the canteen after the first lesson. Our head coach, Mr. T.S.Wong, gave the last briefing before the race and gave the racers some free time to relax themselves and to do some stretching. Then, our team went to the venue, The Hong Kong Golf Club in SheungShui by coach and they arrived after a thirty-minute ride. Then, Mr. Wong brought our teammates to go around the racing route and tried to get them familiarized with it. At around eleven, our team had their lunch and special thanks must be given to the Parent-teacher Association for the effort they paid and the food they prepared for the racers on that day. Besides, many CSK old boys were present and formed a strong cheering team for our team.

The first race started at around 12 and our C-grade team was involved. Although most of them had spent only two years, or even one in CSK, they had shown

their passion to others during the race and also their loyalty to CSK. It was a pity that the result did not live up to expectation. It was still satisfactory. After that, it was our B-grade's racing time. Our B-grade team was probably the strongest with a Hong Kong triathlon representative, Ip Ching Kiu. Coaches were looking for an excellent ranking. In the first row, Ip was struggling in the first few and returned in the first twenty. Finally, B-grade had done a great job and successfully got into the fourth place which is actually a very tough task to be completed. Lastly, our a-grade team would compete in the last race. Although some of the racers were new. Just before the race started, the team leader Lau Kin Fung led the racers to pray and gave a touching speech. All the racers were motivated at once and swore that they would do their best. Finally, Mak Him Kwan got the first among the team, ranked 16th, followed by Sin Ka Kiu, ranked 22nd. The overall result was fifth.

The team has learned more than the result. Old boys have not stopped cheering for us and this has touched our heart. We have learned the spirit of the boys in red. Never Give Up! We shall be back next year for a better result!

Inter-school Swimming Gala

今年是我最後一年以隊長身份帶領校隊參加學界游泳錦標賽，為水記參賽，已七年，我見證著陳瑞祺的高潮起迭。今年是我第四年也是最後一年當隊長，雖然不能再嘗升班滋味，但隊員和我所得到的，比升班還要珍貴。

初任隊長時，泳隊常出現人腳不齊的現象，例如二百米個人四式、二百米自由泳這類項目，我們是沒有派隊員出賽。由於我只擅於短途項目，我總不能逞匹夫之勇為填滿申請表而參加長距離項目。因此，四年來水記都不能以完整陣容出戰學界游泳比賽，這個是我當隊長四年以來最大的遺憾。

今年水記泳隊再度以不完整的陣容出戰，意外地，終奪男團第三，乙組更取得第一名，成績實在遠超預期。初賽後估計，我們只會在中游位置，無緣爭奪獎盃。但決賽當日憑著同學們愛校之心，強烈的歸屬感，使我們著了魔，所有接力隊隊員在決賽中更以比初賽較佳的名次觸池，一口氣追上，終於我們位列第三，但始終不能挑戰升班的資格，更

無緣問鼎冠軍。

陣中多名昔日的主將因為要應付公開試，暫停訓練超過半年，泳員人數不足亦是今年未能取得升班資格的原因。輸掉了榮譽，卻贏得士氣。由於看台坐位有限，學生會未能安排同學到場打氣，每年都是泳隊的隊員自發為戰友吶喊助威，令我感到欣慰的是中一的新隊員也拚命為泳池裡的師兄打氣，這就是我校最值得自豪的地方。他日有同學恥笑你為校隊成員打氣，你應該為他感到悲哀，因為他在中學生涯沒有在陳瑞祺取得最珍貴的東西。

長江後江推前江，一代新人勝舊人。本年度的學界游泳錦標賽結束後，師弟們驕人的成績，已將我的名字在學校的紀錄名單上刷去，紀錄創造出來就是為了讓別人打破，我從來不會因為自己的紀錄而自豪，相反，我會為

打破我紀錄的師弟而感到自豪。

青黃不接是泳隊，甚至各校隊將會面對的問題。運動方面有卓越成績的同學，學業成績一定會相對較差，這是很多人認為是鐵一般的事實。我也是過來人，中五近幾被會考淘汰到社會大學，陳瑞祺給我一次機會，讓我在學業方面重新開始，雖然成績仍未如理想，但亦有一倍的進步。這證明運動員其實也可以做得到，被人小覷並不好受，我也不甘心。

最後，希望大家別低估時間的速度，別高估自己的能力，讀書和運動都不是一朝一夕的事情。在陳瑞祺餘下的日子，希望大家能再為我校的學術及運動發熱發亮，將陳瑞祺優良的傳統一代一代傳下去。

Inter-class Swimming Gala

18 · SEP
2009

Inter-class swimming gala has always been considered as a chance for CSK swimmers to win hearts and minds. This year the inter-class swimming gala was successfully held on 18th September in Tai Wan Shan Swimming Pool.

Although there were fewer participants this year, our school team members did quite well in the invitation 4X50M freestyle relay. CSK Team A was the champion of this relay, the La Salle College Swimming team came second and CSK Team B came third. Our students' cheers and school team members' performance can fully show our devotion and passion.

Inter-school Athletics Meet

2, 5, 11 · SEP
2009

The 2nd, 5th, 11th of March were the big days for CSK because the Inter-school Athletics Meet for Division Two was held on those days. Our form 1, 2, 3 students were selected as the cheering team on Day 1, 2 and 3 respectively and under the leadership of our Student Association.

On Day 1, our CSK athletes did a great job and we ranked 3rd on Day 1. On Day 2 we ranked 4th. Most of the athletes entered the finals which were held on 11th of March in Day 2. On Day 3, many CSK students came and supported our athletic team. Boys in red overwhelmed the Wan Chai Sports Ground. Our cheering team chanted our school name loudly and with the support of our cheering team, the athletes performance was encouraging.

The most fantastic moment was the C Grade 4x400m relay final. Our C Grade relay team came

second in the heat, and our opponent, St. Louis School, came first in the heat. Our cheering team tried their best to shout the cheering slogans which were clearly heard in every corner of the sports ground, and our C Grade athletes tried their very best to gain victory, and at last, we won the Championship in C Grade 4x400m relay, and the finishing time was 10 seconds faster than the previous performance.

After the breathless competition, we ranked 4th in overall. The most precious is our school showed a strong sense of unity which has been passed to junior students. It is more important than winning one or two more trophies, and I strongly believe that CSK sports teams will never fade if we are willing to fight for our school restlessly because WE ARE BOYS IN RED.

Inter-class Athletics Meet

5 & 8 · OCT
2009

In order to help maintain students' physical strength, team spirit and sense of belonging, the annual Athletics Meet was again held this year at the Wan Chai Sports Ground with the support from teachers and student helpers. Also participants showed their passion on sports.

On the first day of the Athletics Meet, 5th October, 2009, athletes tried their best to get into finals. Winners left the track with a smile and losers took the defeat with true sportsmanship.

On the second day of the athletic meet, 8th October, 2009, the atmosphere was much more exciting. Athletes on that day ran for the same target — to win the race. At the end, three records were broken. Wong Kei Wai from F.4E and Chau Chi Kiu from F.2D broke the records of B-Grade and C-Grade 100m Hurdles respectively. They finished the races in 15.81 and 15.87 seconds respectively. Also, Ng Chun Ngai from F.4B had broke the record of B-Grade Javelin with a result of 37.43m.

The 4 x 100m Invitation Relay was also one of the highlights of the day. Although the Old Boys' Team finished the race in the sixth place, every CSK student showed their support and sense of belonging by cheering from the bottom of their hearts. Finally, the Athletics Meet ended with excitement.

Message from the President of Student Association

After five years of studies in CSK and having been promoted to Form 6, it is time for me to do something to contribute to my Alma Mater before I leave. As the president of the Student Association, I know very clearly that the Association will have to continue to play its role as a bridge between students and the school authority as well as provide welfare for students.

The Student Association plays an important role in helping students in different aspects. This year, the Student Association has three objectives. First, we always aim at providing the best for students. To understand students' needs better, we always collect

their opinions through different channels and so we can provide suitable service for them accordingly. Secondly, we take the initiative to organise more joint-school activities. Examples of such activities include the Christmas Ball, the Star Observation Camp and the Christian Brothers' Schools Exchange Programme. All these joint-school functions have helped to make students' school-life more colourful. Thirdly, we encourage students to strike a balance between studies and extra-curricular activities. Since some students may overlook the importance of their studies, a number of academic programmes such as the HKCEE seminar have been held to enhance the learning atmosphere in school.

During the year, I have experienced the spirit of unity when all of us cheered for our school team at the Inter-School Athletics Meet. Although we finally ranked fourth in the overall results and could not be promoted to Division I, we were still proud of our athletes as they had done their best. More importantly, we have shown our strong sense of belonging. What we hoped was to enhance unity among students through cheering together for our school team. We also hoped to help students, especially those in junior forms, develop a sense of belonging to our school.

Being the president of the Student Association is never an easy task. Luckily, the two vice-presidents, Sin Ka Kiu and Cheung Long Hang, have always been my best working partners as they have really helped me a lot. A lot of thanks must also be given to different parties. I have to thank all of my executive council members for working with me over the past year to ensure the smooth running of the Student Association. I have to thank Mr. K.S. Chan, Mr. C.K. Wong and Mrs. A. Lau for their valuable guidance and advice. I also have to thank all the janitor staff for their technical support. Moreover, I have to thank all CSK students for their trust and support so that we can really put our ideas into practice.

Last but not least, I hope that we can continue to do our best in both games and studies and contribute to our alma mater. I firmly believe that one day, our school can become more famous because of our effort. This can also truly reflect the meaning of the name of our cabinet 'Ablaze'. Finally, I would like to remind you again that you will have no regrets after you have tried your best.

■ Tam Kin-wai F.6A

Message from Internal Vice-President

I, as a Form Six student now, have studied in Chan Sui Ki (La Salle) College for seven years already. When our president, Tam Kin Wai asked me to take up a position in the Student Association, I was shocked. I felt that I did not deserve such an honor to become the Internal Vice-President of SA. Nevertheless, I did take up this position. My decision was based on my sense of belonging to my beloved school. I also wanted to share my thoughts with my fellow schoolmates. Our school has changed and experienced a lot in these seven years and challenges are what we have to face. We must improve ourselves to overcome the obstacles. My duty is to lead my fellow schoolmates to head for the destination.

In order to achieve the goals, the Student Association arranged several activities for the students. First of all, the school paper design competition was organized at the beginning of the year

with the aim of encouraging the creativity of our students. It was a big success as some brilliant designs were received and the school paper of the new design has been on sale since December. Secondly, we made arrangements for students to join the cheering team for our basketball team which battled in the final of the competition. In that event, almost 300 students joined the cheering team and our basketball team lived up to our expectation and became the champion. Moreover, following our tradition, we organized a cheering team to support our athletes in the athletics meet. Through taking part in these activities, our students are expected to develop a greater sense of belonging to our school. Lastly, the variety show and the Chan Sui Ki Festival were also held successfully. Students and guests enjoyed the show and got a better understanding of CSK. Students from other schools also attended the show. It was a brilliant show. After watching it, students were proud of being one of us.

All in all, what I am going to tell you may sound familiar. I have to say this once again. Work hard and play hard. We have to improve ourselves in every aspect so that we can outperform students in other schools. We should not blame the others for their lack of support but we should appreciate what they have done for us! Let's try our best and have no regrets.

■ Sin Ka Kiu F.6A

Message from External Vice President

As the External Vice President, I am responsible for organizing joint school activities and communicating with other parties like the student associations of other schools and the clubs in our school. In my view, joint school activities are tailored to make school life more delightful and to give students an all-round education. Through the activities, students can be equipped with knowledge of different aspects and various practical skills. Therefore, we have been endeavoring to organize different activities for students and I believe that we have done a considerably good job.

In this academic year, we have held quite a lot of joint school activities. The Christmas Ball organized in collaboration with Tak Oi Secondary School and the Star Observation Camp organized in collaboration with Pooi To Middle School were among the highlights. Other activities included those that allowed interactions of school cultures, and the exchanges of experience in sports and academic pursuit. Examples of such activities are Christian Brothers' Schools Exchange Program, 3 on 3 basketball match and oral practice.

As we have to organize so many activities, our team is always busy. However, we are never tired of the heavy workload since we understand the old saying, "No pain, no gain". With difficulties and crises, we learnt many lessons. For me, my interpersonal skills, leadership and problem-solving skills improved a lot. Besides, I have become more confident. I have a greater sense of belonging to Ablaze and CSK. Undoubtedly; I can never enjoy such gains without real experiences. So, be courageous to face challenges.

I ought to take this opportunity to express my gratitude to the President, Tam Kin Wai, who gave me the chance to be a member of Ablaze. Thanks should also be extended to all executive committee members who have striven selflessly to make our activities better.

Last but not least, as a CSK boy, I have a dream. My dream is that we can be united, we should understand that we are Boys in Red. I am deeply convinced that with strong unity, no matter how big the challenge is, CSK is destined to succeed.

The Financial Department

The Financial Department is responsible for managing all the incomes and expenditures of the Student Association, from the large expenses of Variety Show, to the daily incomes from the stationery shop. Such a task definitely requires accuracy and devotion of time. An annual budget was drawn in September which guides us on the spending to make sure that the expenses are within the budget. Besides, financial reports are prepared regularly to keep records of all expenditures. An annual financial report of SA is disclosed to all students to allow transparency of the financial status. Students are welcome to express their opinions on our budget as their views are of grave importance in improving our work.

■ Pang Hin Lai F.6A

Internal Secretary and the External Secretary

The major work of the Internal Secretary and the External Secretary is to handle documents for the Student Association, within and outside the school. Examples of the documents handled are drafts of announcements, letters, minutes and agendas. The 'document work' might sound monotonous but the secretaries really enjoy the job and always do well. In addition, they are also helpers in some big functions, such as the Christmas Ball and the Variety Show.

■ Ho Yik Ki F.6A

General Affairs Department

The general affairs department aims to provide every CSK boy with various kinds of welfare. We are responsible for the daily operation of the stationery shop and the loan of the recreational articles. Various stationery items are sold at the stationery shop. The stationery shop also provides the loan of items like chess and billiards. A new service provided this year is the loan of the umbrellas. We have also joined the Joint School Welfare Union (JSWU) and distributed a membership card to every student. With this card, students can enjoy discounts on stationery and drinks.

■ Fung Hoi Kin F.6A

The Liaison Department

The Liaison Department is responsible for the communication within the Student Association and between the Student Association and other parties like CSK students, teachers, old boys, clubs, and the student organizations of other schools. For example, the staff of this department were representatives of our school in the meetings for the Joint School Christmas Ball. With good communication with others, our school has a good relationships with other schools and this facilitates the cooperation among schools in organizing joint school activities. Besides, we believe that through effective communication between SA and the school, we can make students' opinions heard in order to make our school a better place for learning.

■ Chan Tsz Lung F.6B

Publicity Department

The major role of the Publicity Department is to promote activities organized by the SA. Also, the department focuses on designing and producing souvenirs such as school paper and envelopes. Feedback from students and guests is quite positive. This year, our tasks are preparing notices and posters. Our department has also made announcements in each class to promote the highlights of the activities, for instance, the Christmas Ball, the Variety Show and the open day in CSKLSC. The department hopes that more students could take part in the activities through the posters and the announcements.

Head Prefect's Message

At the beginning of the school-year, I decided to take part in the head prefect election since I wanted to contribute to my school. Finally I was elected.

This year, the goal of the Prefectorial Board is to nurture a stronger sense of belonging and a sense of responsibility among its members, and also teach them leadership and communication skills. Our senior prefects do play an important role in achieving these goals. These prefects are devoted to helping the junior prefects and develop a good relationship with them. Junior prefects are now more willing to take up their role in maintaining discipline. Here I have to thank all the senior prefects for their dedication to their work.

The most difficult task this year was the Caritas Bazaar. Since the economy of Hong Kong was not good at that time, many factories were closed and that increased the difficulty in finding sponsors to sponsor goods for the event. I therefore had to make good use of human resources to maximise efficiency. In this event, I have learnt how to manage people and make the best decision within a short period of time. Finally, the Caritas Bazaar was held on 11th November and we had raised a lot of money.

Being a head prefect is not easy. Not only do I need to behave myself well but also make every student behave well. We are lucky to have Mr. CK Wong, Mr. KV Vong, Mr. W K Wong, Mr. W T Lam and Mr. K K Lam to be our teacher advisors. They have given us full support and a lot of invaluable advice. I have to show them my gratitude here. Special thanks should go to my Deputy Head Prefect, Lee Tsun Ho(F.6B), Superintendent Prefect, Fong Ki Fai(F.6A), Lam Yan Chung(F.6A), Ng Clarence(F.6B), Kwong Chung Mau(F.6A), Leung Sai Ue(F.6B) and Yu Tsz Wai(F.6A).

Without their help, our team cannot be as successful as now.

Everyone has his own role to play in helping the school to maintain its good reputation. We should carry out our responsibility to serve our school and our schoolmates. With the effort of all of us, I believe that we can make our school a better place for education.

Deputy Head Prefect Message

Throughout these 4 years, I have taken up different positions in the Prefectorial Board. I am honoured to have the chance to be the Deputy Head Prefect this year. I assist the Head Prefect in leading our team to carry out our duties. This is a good opportunity for me to contribute to the school by making the best use of my ability and experience.

Being one of the leaders in the board, I understand that my main duty is to help other prefects develop their leadership and communication skills. The key to uphold our spirit is good communication. With all the SIP's effort in helping the prefects to know one another better, we can work together well. Having a good relationship with my fellow prefects, I can always frankly tell them what the problems are and how improvements can be made. With good communication, a win-win can be achieved. While carrying out their duties, the inexperienced prefects have learnt from the experienced ones. Senior prefects have learnt how to deliver messages well and how to be a leader.

My special thanks should go to the Deputy Head Prefect of 2006-2007, Chan Shun Hei and Head Prefect of 2007-2008, Lung Chun Ho who have given me full support. Both of them are brilliant leaders and they have given me guidance so that I can grow into a leader in the Prefectorial Board.

Message from SIP

Team A

This year, I have an opportunity to be a SIP. This position allows me to widen my horizons. I need to organize many activities, such as Caritas Bazaar, Joint School Prefect Activities and Annual Dinner, with my partners. We always check the duties of the prefects in order to manage them more efficiently. In addition, we need to write some reports or comments about their normal duties; we hope that their management skills can be improved through this way.

■ Ng Clarence F.6B

Team C

This year, I experienced many things different from those over the past five years. First of all, I am very pleased about being a superintendent prefect this year. To be frank, this post has given me lots of chances to learn leadership and team spirit. Throughout the year, the Prefectorial Board endeavored to uphold the discipline of students in order to sustain our school spirit. This success can be attributed to all prefects' devotion of time. So I sincerely thank for their efforts. Moreover, I am very glad to meet a group of good teachers and helpful friends from the Prefectorial Board. Not only did we work in collaboration, but also we shared happiness and sorrow. They are real friends. In a word, the prefect life has brought me a lot of gladness and benefits.

Joint-school prefect activity

The joint-school prefect activity has been successful held by our School and Our Lady of The Rosary College (OLRC) on 6th April, 2010. This activity aimed at exchanging prefects' duty experience and going prefects' relaxation. Finally, it was a huge success.

On that day a group of organizers from the two schools prepared for the activity venue which is OLRC's school hall in advance. The activity was divided into two sessions- the morning session and the afternoon session. During the morning session, there was an ice-breaking game for prefects from both schools to meet and know more each other. Expectedly, the prefects actively made new friends. Then the prefects played other two games. Overall, it was a happy morning.

At noon, all the prefects had lunch at OLRC's canteen. They had pizzas, spaghetti, salad, etc. During lunch, participants were in ecstasies at chatting and playing. After lunch, the afternoon session came. The highlighted of this session was the city-tracing. Participants should finish the questions and tasks given in two houses. During the period, they had to travel through the confined areas (the festival Walk, Fa Hui Playground etc.) to find spots corresponding to the questions. This was the most exciting part of the activity. After this, participants returned to the school hall and played other two mini games. The activity ended at about 4p.m.

To sum up, the activity was totally big time. Everyone had a great time. This can be attributed to the organizers from both schools. Their efforts were not in vain.

We have achieved this aim by holding various activities for our students, including photo-taking by senior form students, photo exhibitions and photo taking in athletic meet and swimming gala. All these activities were specially designed for beginners.

For experienced photographers, our club provides chances for them to share their skill and experience with others members. We have organized photo taking class so as to provide practice chances. Besides, making friends with other classes, they can improve their photo taking skills through our club's activities.

Our club also plays an important role in capturing

memorable moments in CSK. We helped a lot in photo-taking for staff and prefects. We participated in almost all the activities held in the school. Some of our photos were even used as official records of these activities.

Liberal Studies Society

The Liberal Studies Society aims at encouraging students to take part in some activities in order to broaden their knowledge base and their social awareness through the study of a wide range of issues. To achieve this aim, our club held some activities such as board decoration, field trip, visit and inter-class competition.

The monthly board decoration was held since October last year. The board display include the hottest news in the month. Every month, our committee members help with decorating the board in the covered playground. Before decorating the board, we have a committee meeting held by the chairman. At the committee meeting, we discuss which newspaper articles are suitable to be put on the board and we will put some questions on the board to let students think more about the news. Many students read it during lunch time.

This year, we also held a field trip in order to let students relax in nature and learn more knowledge in the field trip. The hiking trail was Tai Po Kau Nature Trail. We walked for four hours to complete the whole trail. The participants found the trip interesting and it was worth as they could learn a lot of knowledge.

For the visit, the venue was the High Court at Admiralty. Totally twenty junior students took part in this visit. We first watched a video show about the law and order of Hong Kong, and learnt more about the layout of the court. Then we were arranged to watch a real trial. After it, we found that there were many things that we can learn during the programme. Moreover, a tour guide explained the court proceedings. The function was a great success.

The Inter-class competition was held successfully in May this year. Many students had a great performance. They were told to finish the questions within the given time. The questions were about many topics, such as the sovereign of different countries, international news, Hong Kong hottest topics, etc.

We would like to give thanks to our teacher advisors, Mr H.L.Choi and Mr S.L.Ting. They helped us with planning activities and they spared time to attend our events. Also, we would like to encourage other students to join our activities. The learning experience fostered students' capacity for life-long learning so that student can face the challenges of the future with confidence.

Moral and Civic Education Club

Our club was established in 2002. The aim of our club is to raise moral standard and civic sense of CSK fellows. This year, our theme is "Responsibility". Showing our responsibility to others is very important. For our aim to be achieved, a series of activities are organized by our club throughout the year.

Civic talks are held regularly by the students in the morning assemblies. In order to raise the awareness of students in responsibility, talks are held during the home period lessons. We have invited members of the Operation Dawn, Society of Truth and Light as our speakers in the talk to spread the message of drug abuse, gambling and cyber crime. An interactive drama performed by ICAC was held to let the students know the adverse effect of corruption. Top 10 news Election, China Future Currency Design competition, Top Ten Historical People and "Beijing Nanjing Study Tour" was also held to arouse student's concern with their surroundings.

The highlight of this year was the Moral and Civic Education Exhibition. Information as well as games

were displayed and designed to our students, teachers and guests. Mr.Chan Chi Keung, the Senior School Development Officer (Kowloon District) was invited to our opening ceremony. Through the exhibition we were able to convey the message that Responsibility is very important. Besides, we had the Celebration of National Day, and attended the City Forum etc.

Table Tennis Club

It is my pleasure to share the joy and experiences of being a member of Table-tennis Club with you. As you know, table tennis is a sport with a long history and is also the quintessence of Chinese culture. That is why both junior-form and senior-form students are fond of table tennis.

However, table tennis is a demanding sport as it needs the highest degree of mental concentration and physical fitness. Therefore, our club not only aims at promoting table tennis to schoolmates or to provide a favourable environment for club members who are interested in playing table tennis, but also wants to provide a good opportunity for them to learn and improve their table tennis skills through regular practices and competitions.

Besides, the regular club practices supervised by experienced coach are scheduled to two days each week. From time to time we will arrange friendly competitions, inter-class competitions and inter-school competitions for our club members to broaden their horizons. We aim at helping them to acquire

new knowledge and learn various skills including concentration, cooperation and communication. In addition, all the above activities are able to enhance their sense of belonging to school as well.

普通話學會

普通話於今年舉辦了數個新穎有趣的活動，讓同學在參與的過程中提高對普通話的興趣。學期初，我們舉辦了普通話週，於午飯時候在有蓋操場佈置了數個遊戲攤位，如有急口令、估歌仔等大受歡迎的遊戲。在進行遊戲的同時，普通話學會更安排了同學為大家表演，獨誦，集體朗誦和廣告詞。形象生動有趣，效果理想。亦藉此機會提升同學的普通話水平和表演經驗，可謂一舉兩得。適逢學校四十週年，本會在校慶開放日當天，佈置予一個「快說普通話」的急口令攤位遊戲，成功吸引不少參觀的家長陪同子女一起參加，場面和樂融融，為整個校慶開放日增添不少歡樂。另外，本會亦舉辦了普通話演講比賽，分初中以及高中組，每級均有同學參賽，透過這次比賽，令我校同學更加認識到普通話的重要性。

而在下學期內，普通話學會為了響應為「普通話慈善卡拉OK大賽」，希望透過同學參加比賽籌得的善款，幫助災區災民重建生活。作為血濃於水的同胞，希望略盡綿力，集腋成裘。

九龍第二百零五童軍旅

九龍第二百零五童軍旅於一九六九年十一月二十二日在陳瑞祺（喇沙）書院成立，至今，正式步入四十週年誌慶年，經過多年的發展，現時本旅擁有五個支部，分別為小童軍團，幼童軍團，童軍團，深資童軍團及樂行童軍團。現時本旅成員總數有：12 名小童軍，39 名幼童軍，79 名童軍，12 名深資童軍，12 名樂行童軍，39 名領袖，連同在港及海外之會友委員，全旅共 244 名成員。

2009 年對我們來說是很忙碌的一年，除了是陳瑞祺（喇沙）書院的四十週年校慶外，亦是九龍第二百零五童軍旅創立的第四十個年頭，全年的慶祝活動真是一浪接一浪。

其實在早於一年前，二零伍各個支部的領袖已經為今年的慶祝活動開始做準備，每位領袖，樂行童軍，深資童軍以至隊長及副隊長均被分配到不同的項目籌委會。

打頭陣的就是由學校主辦在 2009 年 2 月 7 日至 8 日一連兩天的校慶開放日，學校所有學會和團體均有參與，二零伍當然也不例外，而我們舉辦的就是一個名為「博覽二零伍」的大型展覽，為一連串的慶祝活動揭起序幕。

隨後，還有在 8 月初舉辦的中港台交流暨旅慶大露營，11 月 22 日的繽紛四十嘉年華，和當晚的

旅慶典禮和聚餐，及四十週年紀念特刊和一系列的紀念品。

成就方面，幼童軍團在何文田區總監盾中榮獲季軍，樂行童軍團獲何文田區深資及樂行童軍錦標賽全場總冠軍；另外，兩名幼童軍考獲幼童軍支部之最高獎勵 --- 金紫荊獎章，七名童軍完成童軍支部之最高獎勵 --- 總領袖獎章，及兩名小童軍副團長莊潔玲及王明麟完成小童軍領袖木章。

獎勵方面，每年的傑出旅團獎勵計劃中，小童軍支部榮獲銀獎，幼童軍支部榮獲金獎，童軍獲得銀獎、另，深資童軍團獲得銀獎。此外，旅長雷健泉，幼童軍團長陳珮瑜，深資童軍團長吳毅川，分別榮獲九龍地域傑出旅團領袖獎勵。而每年之香港社會服務聯會頒發之義工嘉許獎狀，二十二名成員獲頒發社會服務金獎狀，十三位獲銀獎狀，十三位獲銅獎狀。副旅長何志輝獲香港童軍總會頒發長期服務一星獎章，樂行童軍團團長李偉傑和副團長黎肇添獲頒長期服務獎章，幼童軍團團長陳珮瑜獲頒發優異服務獎章。

四十年的二零伍，為我們提供了不少既歡愉又富吸引力的童軍活動，傳統的童軍技能如露營，遠足和救傷等，可以提高我們的自信，自務和自治的能力；而多元化的海，陸，空，太空和國際交誼項目，就能讓我們在平凡的生活，創造出更多更多的不平凡。

中文學會

中華文化源遠流長，博大精深，其奧妙之處更是不言而喻。而中國近來於國際地位上的躍升，使中文的重要性亦與日俱增。香港身為中國的一部分，更應好好學習中文。本會成立之目的，便是透過舉辦各類活動，提高同學對中文的認知及興趣，並且從中提升同學的讀，寫，聽，說的能力，更希望藉此充實同學之課餘時間，寓學習於娛樂。

一如既往，本會今年亦為同學舉辦各類型的班際比賽，如十月份的交通安全標語創作比賽，十一月至十二月份的班際辯論比賽，一月中的班際演講比賽，五月份的班際徵文比賽以及閱讀報告比賽等，均吸引了不少同學參與。

另外，為配合新高中學制的改革，本會的活動如班際辯論比賽，班際演講比賽亦作出變革，使更多低年級的同學能參與其中，讓同學能藉此吸取更多知識，鍛煉批判性思維，積極裝備自己，以配合未來學制的發展。

香港紅十字會青年團第五十二團

〇一〇年為香港紅十字會六十周年紀念，而紅十字會青年團第五十二團已成立了三十七年。一如以往，本團為會員舉辦了多樣活動，希望會員能夠更加了解紅十字會運動，並能積極參與本會活動，融入其中。

服務方面，我們了解「服務社群」是紅十字會青少年的五大活動目標之一，因此本團在「服務社群」方面一直不遺餘力，本團會員對於服務社會都表現突出，今年更榮獲三金、七銀、十銅，共二十個服務獎章，可見本團於創團以來對服務社會的熱忱毫不退減。

本年度我們主力參加了兩個社區探訪服務計劃，分別是「土瓜灣社康耆英服務計劃」以及「深水埗社康耆英服務計劃」，這兩個服務計劃的內容主要是本會員以小組形式，分組探訪該區的獨居老人，為他們帶來關心和溫暖，使他們感受關懷及愛護之情。我們除了定期探訪外，在特別的節日，還會有賣旗等活動。

此外本年重點項目，是聯合青年團第六十團〈嘉諾撒聖家書院〉，以「禁毒」為主題，議定一個服務計劃，由訂立目標至到實行，都是由會員和籌委會成員一手包辦，這個服務計劃將會於暑假期間舉行。我們希望透過這活動，加強各團會員之間的合作及為社區提供一些禁毒的資訊。

訓練方面，本團參加了不同類型的比賽，例如

急救比賽、步操比賽。從步操比賽中，可以訓練會員的紀律，增加會員的歸屬感。急救比賽方面，會員可透過比賽互相切磋，提升各團的急救水準；同時令本團會員擴展視野，獲益良多。

此外，本年度亦開辦了不同的訓練課程，如急救、健康檢查、繩結及手語課程等，以增加本團會員在各方面的知識。

另外，我們為新加入的會員參入步操課程，由本團的團委員教授他們不同的步操動作。在過程中，能增加會員之間的友誼及相互了解，更透過步操，讓他們習慣羣體和紀律生活，從而更快地讓他們融入陳瑞祺這個大家庭。

友誼活動方面，本團與友團籌劃了兩個聯團友誼活動。於農曆新年假期時，本團與青年團第五十七團（寶血會上智英文書院）舉辦了一項名為「在赤柱中心呼喚紅十字」的燒烤活動；於復活節假期前，本團亦聯同青年團第八十七團（五旬節中學）及青年團第二百一十八團（九龍真光中學）籌辦了一次訪團活動。這兩次活動獲得會員鼎力支持，期望下年度能夠再與不同團隊再度合作，推動會員間的友誼。

最後，在此感謝李永光老師、舊生譚律明先生及劉嘉成先生在工餘及課餘時間協助本團推行各種活動。

Students could develop critical thinking and improve their skills in cooperation, presentation and doing experiments.

Inter-class Mathematics Competition was another traditional activity of Science Society. It was very encouraging that about 40 teams joined the competition. All participants had tried their best and performed very well in the event, this showed that our schoolmates have a passion in Mathematics.

It promotes logical thinking and problem-solving skills of our schoolmates.

Apart from the traditional activities like Inter-class Science Quiz and Inter-class Mathematics Competition, we had an innovated program — Science Week. Science Week is divided into five parts — The Leaf Vein Bookmark Workshop, The Magic Show, The Slime Marking Workshop, The Video Show and The Straw Tower Competition 2010. Moreover,

Science Society has designed a verity of the post-exam functions such as a trip of visiting electroplating factory and Shenzhen Museum, visit of the Chinese University of Hong Kong and Egg-Parachute competition. It is a chance for our students to learning science in a fun and interesting way.

With the help of Science Society, four Form 6 students have joined the Joint School Science Exhibition. This was an opportunity for our students to make good use of their knowledge in science and their creativity. At the same time, five of our Form 4 Students have attended the Inter-school Science Competition. No matter whether students could receive prizes or not in the competitions, enjoyment is the most precious thing that students had gamed in the process.

To provide a wider variety of activities, our Science Society has joined the Joint School Science Society this year. The Chinese Medicine Workshop, the Workshop of Hong Kong University Laboratory, the Career Talk and the visit of factory of recycling glass bottle were hold. These provide a great chance for our students not only to understand science but also to widen their horizons.

With the concerted endeavor, all of the functions were made to a great success. I hereby cordially express my deepest gratitude to all our teacher advisors and all committee members.

徵文比賽（初級）冠軍 - << 責任 >>

三丁 陳洪星

有人曾經這樣問我：“你負上這麼多責任，不辛苦嗎？”每到這時，我也笑而答之：“嗯，其實很辛苦的，不過我樂此不疲”到底爲什麼呢？

“責任”這二字，相信大部分人都都不陌生，也嚐過它的利害。構成人生的元素，“責任”絕對佔有不輕的份量。亦因如此，不少人都怕了這二字，因爲這可是如影隨形，永遠擺脫不了的包袱。

責任看起來如此可怕，深奧。但說得顯淺些，責任就是一些我們應該由自己去承擔的事，就像我們答應別人的事情，許下的承諾。像我們現階段的責任，就是要認真學習，尊師重道，亦要孝順父母，報答他們的養育之恩。我們當然不能隨便說放棄這些責任，因爲這些責任可是人格的反映，勇氣的見證，得持之以恆的完成。

可是，這些無可旁貸的責任，有時我們卻是信口開河，儘管答應了，卻不把它做好。可能人會說：“我答應的時候，沒預期到會發生這樣的意外，發生後才發覺應付不來。”看似很有道理吧，自己做不到就是做不到，不能勉強，但說穿了，還不是將自己的利益看得重於泰山，卻將對人的承諾當作鴻毛一樣輕？易地而處，如果自己委託了別人幫忙，但最後卻被告知話”對不起，原來我幫不了你！”，你又會有什麼感受？

因此，我們在答允別人之前，必須先深思熟慮，判斷一下自己能否做到對別人的承諾。因爲一旦答允了，就不能隨便放棄，否則委託者固然麻煩的很，毀約者的誠信也會蕩然無存。在學校，在家中，或許家人和師長也許能夠容忍這種行爲，但在社會中，誠信破產便意味著失敗和被輕視，到時候便恨錯難返了。

有人不免問：“既然責任是這麼煩人的東西，何以你會樂此不疲呢？”還記得梁在 << 最苦與最樂 >> 中說過：“盡得大的責任，就得大的快樂；盡得小的責任，就得小的快樂。”在完成責任的同時，不但頓時感到一身輕，幫助別人，既能看到別人感激的眼神，又可在過程中學習。不也是人生樂事嗎？

一個人若沒了責任，那生活也未免太過枯燥無味，更何況人生根本沒可能完全沒責任。所謂“苦口良藥”，先苦後甜，也許目前我們背上的責任令自己舉步維艱，但只要想到完成責任後的那種甘露似的甘甜，即使現在背上的責任有多重，都會令我有動力走下去。須知道完成責任後，那種用汗水換來的滿足感是不能用金錢買到的。正因如此，我樂此不疲。

徵文比賽（高級組）優異獎 - << 香港未來之我見 >>

四乙 柳在泓

“五十年不變”是香港政府回歸後所提出的施政方針。但實際上呢？回歸後香港的政制，經濟和社會民生，真的是維持不變嗎？在中國最有發展潛力城市的排名中，香港已被迎頭趕上，由第一名跌至第三名，而第一名則由上海奪得。這顯示香港已不復當年超然的優越性，就如龜兔賽跑中的白兔，因爲比對手優勝而停滯不前，但卻而被人迎頭趕上。若果香港要真正成爲發展完善的城市，必須要有民主的政府，自由的市場和多元化的文化發展。

要達致民主的政治體系，當權者必須聆聽不同人士的意見和訴求，兼容並蓄。社會上有很多團體會透過不同渠道向政府反映對各類議題的關注及意見。政府應在制定政策時，參考有關意見，並進行諮詢，了解大眾的期望，建立與市民的良好互動關係。這樣對香港發展成民主社會有莫大裨益。

自由的經濟就是以市場爲經濟的指導，減少政府對市場的干預。過往香港素以自由市場而享譽世界，在未來的發展亦應保持這項優勢。

而近年，隨中國迅速崛起，香港在經濟上逐漸依賴祖國，是大勢所趨。但香港保持既有的競爭力，必須發展多元化的經濟，而非只靠內地的支持。

文化因素上，曾爲英國殖民地的香港，匯聚了世界各地的獨特文化，與此同時，作爲中國的一部分，中華文化亦有一定的影響力。如果社會對各種文化都能兼容並蓄，接納傳統文化和多元文化，對促進社會和諧有莫大的幫助，亦可令香港人更有歸屬感。

總括而之，香港未來的發展，需要在政治，經濟以及文化方面著手。當然作爲香港一分子的我，也要一起努力，爲香港未來作出貢獻。
